

Nature vs. Nurture

Nature vs Nurture is a debate between scientists about what makes people who they are. Some people are born with certain traits or abilities, while others are shaped by their environment. Nature is the genetic side of things, but it's difficult to tell what's what. Some people are born with certain traits, while others are shaped by their environment. Some people are born with certain traits, while others are shaped by their environment. Some people are born with certain traits, while others are shaped by their environment.

Scientists generally agree that both nature and nurture play a role in who we are. Some people are born with certain traits, while others are shaped by their environment. Some people are born with certain traits, while others are shaped by their environment. Some people are born with certain traits, while others are shaped by their environment. Some people are born with certain traits, while others are shaped by their environment. Some people are born with certain traits, while others are shaped by their environment. Some people are born with certain traits, while others are shaped by their environment.

It's hard to tell which is more important, nature or nurture. Some people are born with certain traits, while others are shaped by their environment. Some people are born with certain traits, while others are shaped by their environment. Some people are born with certain traits, while others are shaped by their environment. Some people are born with certain traits, while others are shaped by their environment. Some people are born with certain traits, while others are shaped by their environment. Some people are born with certain traits, while others are shaped by their environment.

Scientists generally agree that both nature and nurture play a role in who we are. Some people are born with certain traits, while others are shaped by their environment. Some people are born with certain traits, while others are shaped by their environment. Some people are born with certain traits, while others are shaped by their environment. Some people are born with certain traits, while others are shaped by their environment. Some people are born with certain traits, while others are shaped by their environment. Some people are born with certain traits, while others are shaped by their environment.

Conclusion

Both nature and nurture play a role in who we are. Some people are born with certain traits, while others are shaped by their environment. Some people are born with certain traits, while others are shaped by their environment. Some people are born with certain traits, while others are shaped by their environment.
