Hkale Past Paper:

English Language Assessment and the Chinese Learner Liying Cheng, Andy Curtis, 2010-03-17 Building on current theoretical and practical frameworks for English language assessment and testing this book presents a comprehensive up to date relevant picture of English language assessment for students in China Mainland China Hong Kong and Taiwan and for Chinese learners of English around the world

Validating Technological Innovation David Coniam, Peter Falvey, 2016-04-02 This book discusses Hong Kong's use of onscreen marking OSM in public examinations Given that Hong Kong leads the way in OSM innovation this book has arisen from a recognised need to provide a comprehensive coherent account of the findings of various separate but linked validation studies of onscreen public examinations in Hong Kong The authors discuss their experience of the validation process demonstrating how high stakes innovation should be fully validated by a series of research studies in order to satisfy key stakeholders

Learning Disabilities Phakkharawat Sittiprapaporn, 2012-03-14 Learning disability is a classification that includes several disorders in which a person has difficulty learning in a typical manner Depending on the type and severity of the disability interventions may be used to help the individual learn strategies that will foster future success Some interventions can be quite simplistic while others are intricate and complex This book deserves a wide audience it will be beneficial not only for teachers and parents struggling with attachment or behavior issues but it will also benefit health care professionals and therapists working directly with special needs such as sensory integration dysfunction

Language Planning in the Asia Pacific Robert Kaplan, Richard Baldauf, 2013-12-16 This volume covers the language situation in Hong Kong Timor Leste and Sri Lanka explaining the linguistic diversity the historical and political contexts and the current language situation including language in education planning the role of the media the role of religion and the roles of non indigenous languages Two of the authors are indigenous to the situations described while the other has undertaken extensive field work and consulting there The three monographs contained in this volume draw together the literature on each of the polities to present an overview of the research available about each of them while providing new

research based information The purpose of the volume is to provide an up to date overview of the language situation in each polity based on a series of key questions in the hope that this might facilitate the development of a richer theory to guide language policy and planning in other polities where similar issues may arise This book was published as special issues of Current Issues in Language Planning □□ Hong Kong Office of the Privacy Commissioner for Personal Data,Hong Kong Public Service Commission,2007

Assessment for Learning Rita Berry,2008-09-01 Assessment is an important part of effective teaching and learning It allows achievements to be recognized and helps both teachers and learners to reflect on and review their performance and progress While assessment has long been an end of learning activity to measure what learners can do the outcome oriented approach does not always foster learning motivation effectively A new perspective now encourages ongoing appraisal in the classroom to improve learning This book reflects current thinking of assessment with a stated focus on assessment for learning AfL It informs teachers about the latest developments and provides teachers with important tools for integrating assessment in the classroom The discussions on assessment theories are in depth and the examples used for illustrating the concepts are plentiful

School Leadership in the Context of Standards-Based Reform Louis Volante,2012-05-16 Although standards based reform emerged in the United States and the United Kingdom the idea has spread across the world as an approach to systemic reform It might appear that there is a world wide tsunami of standards based reform that will standardize and homogenize the educational system across the globe This volume makes it very clear however that there is no one approach to standards based reform and countries change there is a danger in paying attention to its evolution and impact in only one context That s what makes this volume so valuable Louis Volante has drawn together descriptions from a wide range of countries all involved in large scale reform and using standards and assessments as part of their process What becomes very obvious is that the language may be the same but the words reflect different contexts and can represent very different ideals values and processes I m sure you will find this book as interesting and challenging as I have a gem that pushes your thinking and does not allow readers to remain neutral Lorna Earl
