Campaign Guide for Congressional Candidates and Their Committees , 1995 **Financing the 1996 Election** John Clifford Green, 2016-07-01 First Published in 1999 The 1996 elections revealed that unmistakable dramatic changes have occurred in the way federal campaigns are paid for Through soft money donations issue advocacy campaigns and other stratagems parties and candidates have been able to circumvent the regulations put in place after the Watergate scandal Despite rhetorical condemnations there is every reason to expect these trends to continue in the future This study of the 1996 election the latest in a highly praised series sponsored by the Citizens Research Foundation systematically examines the new campaign finance practices and their consequences *The Voter's Guide to the Campaign of 1900* Charles Morris, Edward Sylvester Ellis, Isaac Thorne Johnson, 1900 *Journal of the House of Representatives of the United States* United States. Congress, 2001 **Moral Victories in the Battle for Congress** Marty Cohen, 2019-07-26 While Christian conservatives had been active in national politics for decades and had achieved a seat at the table by working with the Republican Party the 1980s and 1990s saw them make significant strides by injecting issues of moral traditionalism into U S House races across the country Christian conservative activists worked diligently to nominate friendly candidates and get them elected These moral victories transformed the Republican House delegation into one that was much more culturally conservative and created a new

Republican majority In Moral Victories Marty Cohen seeks to chronicle this significant political phenomenon and place it in both historical and theoretical contexts This is a story not only of the growing importance of moral issues but also of the way party coalitions change and how this particular change began with religiously motivated activists determined to ban abortion thwart gay rights and restore traditional morality to the country Beginning in the early 1980s and steadily building from that point religious activists backed like minded candidates Traditional Republican candidates more concerned about taxes and small government resisted the newcomers and were often defeated As a result increasing numbers of House Republican nominees were against abortion and gay rights Voters responded by placing moral issues above their interests in economic policies which led to the election of ever more socially conservative representatives As a result the House Republican caucus evolved from a body that advocated largely for low taxes and small government to one equally invested in moral and social issues especially abortion and gay rights The new moralistic Republican candidates were able to win in districts where traditional business Republicans could not thereby creating the foundation for a durable Republican majority in the House and reshaping the American political landscape *Record* ,1983 **Gender and Women's Leadership** Karen
