This report is designed to inform you about the student's progress toward achieving the Hawaii Content and Performance Standards.

The Standards establish high and challenging expectations for all students; describe what students should know, be able to do, and care about; and serve as the basis for curriculum, instruction, and assessment in Hawaii's public schools. The curriculum for each content area is based on the standards relevant to the area. This report, however, cannot communicate everything you might possibly want to know about the student's current progress. This report should be considered with other information you receive from the school such as your child's homework, open house, conferences, and descriptions of the content taught in each grade level.

Communication between the family and school staff is highly encouraged. If you have any questions or concerns, please contact your child's counselor or teacher. You may also complete the parent comment section and return it to the teacher.
