

## Week 1 Diagnostics/Review

### Part 1: Diagnostics

- ☐ Take the free diagnostics for all subjects:

- ☐ Math
- ☐ Grammar
- ☐ Vocabulary
- ☐ Biology
- ☐ Reading
- ☐ Anatomy & Physiology (AAP)

- ☐ Review your results:

For topics where you scored well, simply review the answers and only make flashcards for concepts that you got wrong on each quiz.

For topics where you scored low, focus your attention on those quizzes and make flashcards for all of the important content to review throughout the month leading up to your exam.

You may also want to add your study plan based on your diagnostic results. If you score 80% or above on a quiz or section and you have limited time, you can cross that out from your study plan and review it at the end if you have time.

You can also leave topics where you scored lower on the diagnostics to come earlier in the study plan so that you have more time to review them.
