Exploring the biblical conception of mystery as an initial partially hidden revelation that is subsequently more fully revealed this book sheds light not only on the richness of the concept itself but also on the broader relationship between the Old and New Testaments As such it is a model for attentive and faithful biblical theology **Hidden But Now Revealed** G. **The Letter to the Colossians** Scot McKnight, 2018-02-26 The Letter to the Colossians offers a compelling vision of the Christian life its claims transcend religion and bring politics culture spirituality power ethnicity and more into play Delving deeply into the message of Colossians this exegetical and theological commentary by Scot McKnight will be welcomed by preachers teachers and students everywhere **Preparing the Bride**

**of Christ For His Return** Janet Van Hierden, 2014 I pray that this great book will be placed in the hands of thousands of men and women across the globe Spiritual authority and hearing the voice of God is so ably articulated that even the new Christian will be armed and equipped to identify and recognize these challenges when they arise Dr Graham Power Power Group Global Day of Prayer Being Janet Van Hierden s pastor has been a pleasure She is a godly woman deeply prayerful who adores the Bride of Christ and practices what she preaches If there were anyone in our congregation whose prayers for the Bride I would appreciate and value it would be hers Bishop Todd Atkinson Via Apostolica River of Life Church Being gripped with the realization that a great harvest of souls is upon us there is a sense of urgency as the author through personal stories and testimonies gives practical advice in areas such as Gaining advantage through proper response in suffering and exposing a deep secret of satan Acquiring authority through unity in marriage What it means for a woman to surround a man for his protection This pithy but easy to read manual helps prepare the Bride for the return of the Bridegroom while leaving the reader wanting more **Theology of Revelation** Rene Latourelle, 2009-11-01 For fruitful

discussion within the Church for a meaningful dialogue with other Christians for the renewal of the theology of preaching for these and many other reasons we need a new understanding of the nature of revelation The usual apologetical treatment of revelation bent on proving its existence touches but the fringe of the reality Our day and age needs a theology of revelation which probes the nature depths and dimensions of the mystery Father Latourelle s study is a significant contribution in this unfurrowed field and may well be recognized as a landmark for years to come His treatment of scriptural data on the notion

of revelation is grounded on the advances of twentieth century exegesis He admirably handles the multifaceted Old Testament notion of revelation and his detailed study of the Synoptics Acts Paul and John heightens the point that the Old Testament's revelation foreshadowed the New and the New is only intelligible against the background of the Old His summary of the patristic idea of revelation is erudite and stimulating and probes the thoughts of twenty writers from the Apostolic Fathers to Augustine The richness of patristic insight contrasts sharply with later theological studies of the nature of revelation His study of the theological thought of the scholastic and neo scholastic schools is critical and informative Their approach culminated in overstressing the apologetical aspects of revelation a course which modern theology is abandoning to re discover a theology of revelation that is Christ centered Scriptural historical and interpersonal In treating of the magisterium the author presents a splendid analysis of official documents from Trent to Vatican II and his summary underscores the point that the Church documents present a view of revelation that closely resembles that of the biblical and patristic sources The author's personal reflections enable us to view many aspects of revelation in a new light He draws on the insights of modern linguistics to give a new dimension to revelation's traditional definition locutio Dei He elucidates the point that revelation is neither event alone nor word alone its structure is sacramental and consists of events interpreted by word In dealing with preaching miracles and other themes Father Latourelle combines wide erudition and lucidity and his work stands as a major contribution to modern theological thought

church Without effectively studying these stories covenants and kingdoms within their close continuing and complete biblical contexts believers miss the beauty of the Old Testament including how it points to Jesus and why it still matters today Jason DeRouchie helps Christians delight in the books of the Old Testament and read them the way God intended as relevant parts of Christian Scripture This accessible guide stresses the need to keep Christ at the center and to account for the progress of salvation history when applying the Old Testament today It helps Christians interpret the Old Testament see how it testifies to Jesus believe that Jesus secured every divine promise and understand how Jesus makes Moses s law still matter By more strongly comprehending Old Testament teachings and how they relate to the New Christians will better enjoy the Old Testament itself and increasingly understand all that Jesus came to fulfill In Depth Study Shows the lasting relevance of Old Testament laws history prophecy and wisdom and gives insight into the authors and audience of Old Testament books A Great Resource for Pastors Students and Small Groups Prepares Christian leaders to faithfully teach the Old Testament and equips all Christians to embrace that the Old Testament is Christian Scripture Accessible Includes numerous case studies Review and Reflection points for every chapter and a glossary of key terms *Christ Jesus, the True Israel* Brent E. Parker, 2024-01-11 What is the relationship between the nation of Israel Jesus Christ and the church Pastors and theologians come to significantly different conclusions The reigning systems of evangelical theology covenant theology and dispensationalism answer this question by stressing the continuity of the Israel church relationship covenant theology or emphasizing discontinuity dispensationalism In more recent times progressive covenantalism has emerged as a via media between these two theological approaches by providing a different proposal for unpacking the biblical covenants and by highlighting that to rightly understand the people of God in biblical theology the person of Jesus Christ must be the focal point In *Christ Jesus the True Israel* Brent E Parker presents the case for the importance of typology in this debate arguing that national Israel is a type not unlike other Old Testament types e g the sacrificial system the temple etc that reaches its antitypical fulfillment in Jesus Christ Moreover the Israel church relationship is also typological but only through Christ Parker demonstrates that the progressive covenantal approach is a viable system of theology that seeks to preserve what the whole Bible says regarding the people of God from Israel to Christ and from Christ to the church *The Letters to the Colossians and to Philemon, 2nd ed.* Douglas J.
