Emperor Qianlong's Hidden Treasures Nicole T. C. Chiang, 2019-08-15 In this stunning reassessment Nicole T C Chiang argues that the famous Qianlong art collection is really the collection of the imperial household in the Qianlong reign The distinction is significant because it strips away the modern Eurocentric preconceptions that have led scholars to misconstrue the size of the collection the role of nationalism in its formation the distinction between art and artifact and the actual involvement of the emperor in assembling the collection No one interested in Chinese art will be able to ignore the ramifications of this important study Emperor Qianlong s Hidden Treasures Reconsidering the Collection of the Qing Imperial Household argues that the size of the collection was actually smaller than previously stated Moreover the idea that the collection put the whole of the empire on display and thereby promoted political unity does not square with the reality that most of the collection was hidden away Instead the collection was primarily for the emperor s gaze alone Chiang further explains that the collection was largely the product of work done by many specialists working at the Qianlong court noting that the emperor often assumed a more supervisory role Preliminary drawings patterns models and prototypes of the items made in the imperial workshops also formed an important part of the collection as they served to establish standardized models used to run the imperial household The collection was thus both broader and narrower than previously stated Chiang has identified many misguided assumptions about the Qing imperial collection In their place she proposes a new definition of an imperial collection that does not give primacy to art objects This bold revisionist thesis may be controversial but it is important and deserves to be read widely for this exact reason Dorothy Ko Barnard College Columbia University Chiang makes a new argument which will contribute to the literature on Qing imperial art She shows that a distinction should be made between the Qianlong emperor s activities in commissioning objects from the palace workshop and his activities in accumulating assessing and cataloguing objects that went into what she calls the imperial household collection This work will attract wide attention from scholars in art history Evelyn S Rawski University of Pittsburgh [An Introduction to the Hidden Treasures of Islam](#) Syed Hasanat Ahmad, 2010-06-30 Comprising introductions and brief summaries of each of the 91 books written by the Founder of the Ahmadiyya Muslim Community Hazrat Mirza Ghulam Ahmad the Promised Messiah and Imam Mahdi may peace be upon him **Bon Po Hidden Treasures** Jean-Luc Achard, 2004-05-01 New Bon promises to become an important focus of interest among academic Tibetologists in the coming years This unique first ever English language volume on Tibet s New Bon religion 14th century onwards contains the full catalogue of the collected rediscovered teachings revealed by bDe chen gling pa an important Bon po master of the second part of the 19th century in Eastern Tibet Belonging to a later period of development within the various lineages of New Bon bDe chen gling stands as an essential link between this tradition and that of the Ris med movement of the late 19th century The annotated catalogue of the thirteen volume collection mostly covers tantric and rDzogs chen Great Perfection texts barely known outside native libraries **Exploring**
