English Final Revision Worksheets Paper A

1. *December 1941* :Vi Stanley listened to the applause with satisfaction, but the feeling was bittersweet. She wasn't on the stage, rather behind it, having written the play her appreciative actors had enjoyed performing. With war on the horizon, the theater was closing: too many members of the cast and crew were obligated to take on different responsibilities for it to continue to operate. Vi left the theater that night and never looked back.

2. *May 2018*: There was nothing more appealing to Tressa Lazar's ears than the sound of thunderous applause. A Broadway star for over a decade, Tressa had come to expect her audience to rise to their feet when she came onto the stage to take her bow at the end of a performance. Tonight, that sound was infinitely more important since the show she had been appearing in was closing. It had been produced for a limited run, and though there was no surprise at its conclusion, Tressa was still sad to have to say goodbye to the role she had painstakingly made her own.

3. After goodbyes to the crew, Tressa made her way up the street to have a late dinner with her co-stars. As they talked, Tressa discovered most of the others already had jobs lined up: one woman was going to be working on a music video, and another had been cast in a streaming sci-fi series. When they asked her what she had planned, she avoided giving a direct answer and said her manager had mentioned something, but they hadn't had the time to discuss the details. There was no way Tressa was going to admit that there hadn't been a rush of offers from eager producers hoping she would sign contracts.

4. A call to her agent yielded no promising results. It seemed the word on Tressa was that she was a diva and, though talented, not the easiest to work with. At first, Tressa ranted about how unfairly she was being treated, but then the anger turned to tears of disappointment. Her agent told her not to fret. She was working on a few possibilities, but it might take some time, and Tressa should sit tight and perhaps take a well-deserved vacation.

5. The idea of taking a vacation from the stage made her nervous. Tressa lived on applause; she loved making an entrance and reveled in being able to hear a pin drop because everyone was waiting for her to begin. It was a rush like no other, and once she knew her part as if it were a second skin, Tressa could play it to what critics often called "perfection." Maybe, in some ways, that was her problem—she needed her job too much.
