

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

English Paper 22 November 2013 051:

State Formation After Civil War Derek M Powell, 2016-08-05 State formation after civil war offers a new model for studying the formation of the state in a national peace transition as an integrated national phenomenon Current models of peacebuilding and state building limit that possibility reproducing a fragmented selective view of this complex reality Placing too much emphasis on state building as design they place too little on understanding state formation as unplanned historical process The dominant focus on national institutions also ignores the role that cities and civic polities have played in constituting the modern state Mining ideas from many disciplines and evidence from 19 peace processes including South Africa the book argues that the starting point for building a systematic theory is to explain a distinct pattern to state formation that can be observed in practice Despite their conflicts people in fragile societies bargain terms for peaceful coexistence they make attempts to constitute the right to rule as valid state authority in circumstances prone to conflict over which they have imperfect influence not control Though the kind of institutions created will differ with context how rules for state authority are institutionalized follows a consistent basic pattern That pattern defines state formation in peace transitions as both a unified if contingent field of normative practice and an object of comparative study Where the national centric models see local government as a matter belonging to policy on decentralization for later in the reconstruction phase the book uncovers a distinct local government dimension to peace transitions A civic dimension to national conflicts that must be explained incipient or proto local authorities that emerge even during civil war in peace making after state collapse the fact that it is common for peace agreements and constitutions to include rules for local authority for local elections to be held as part of broader democratization and for laws to be enacted to establish local government as part of peace compacts The book develops the concept of local peace transition to explain the distinctive constitutive role of this local dimension in peace making and state formation This path breaking book will be of compelling interest to practitioners scholars and students of comparative constitutional studies international law peace building and state building

Austerity as Public Mood Kirsten Forkert, 2017-09-20 Austerity as Public Mood explores how politicians and the media mobilise nostalgic and socially conservative ideas of work and community in order to justify cuts to public services and create divisions between the deserving and undeserving It examines the powerful appeal of these concepts as part of a wider public mood marked by guilt nostalgia and resentment particularly around the inequalities produced by global capitalism and changes to the nature of work In doing so the book engages with urgent questions about the contemporary political climate Focusing on the UK it challenges accounts of neoliberalism which frame it as primarily an individualising force and localist definitions of community as mitigating its damaging effects Finally it explores how resistance to austerity can challenge these tendencies by offering a politics of solidarity and hope and a forum for experimentation with alternative forms of collectivity
