Dream Town Laura Meckler, 2023-08-22 Winner of the Ohio Book Award Finalist of the Malott Prize for Recording Community Activism Can a group of well intentioned people fulfill the promise of racial integration in America In this searing and intimate examination of the ideals and realities of racial integration award winning Washington Post journalist Laura Meckler tells the story of a decades long pursuit in Shaker Heights Ohio and uncovers the roadblocks that have threatened progress time and again in housing in education and in the promise of shared community In the late 1950s Shaker Heights began groundbreaking work that would make it a national model for housing integration And beginning in the seventies it was known as a crown jewel in the national move to racially integrate schools The school district built a reputation for academic excellence and diversity serving as a model for how white and Black Americans can thrive together Meckler herself a product of Shaker Heights takes a deeper look into the place that shaped her investigating its complicated history and its ongoing challenges in order to untangle myth from truth She confronts an enduring and troubling question if Shaker Heights has worked so hard at racial equity why does a racial academic achievement gap persist In telling the stories of the Shakerites who have built and lived in this community Meckler asks What will it take to fulfill the promise of racial integration in America What compromises are people of all races willing to make What does success look like and has Shaker achieved it The result is a complex and masterfully reported portrait of a place that while never perfect has achieved more than most and a road map for communities that seek to do the same Includes black and white images *Debating Modern Medical Technologies* Karen J. Moving the Needle on Children's Physical Activity - How to Best Promote More Movement? Mirko Brandes, Jennifer Sacheck, 2024-07-24 Globally physical inactivity is on the rise in most countries and according to the WHO it is considered one of the leading major public health risks As children's physical activity behaviors are conveyed into adulthood many interventions focus on establishing healthy physical activity habits in children to prevent the potential negative health outcomes associated with low physical activity over the life course The school environment provides an opportunity to reach the majority of children however physical activity promotion in schools

can often be a challenge Barriers to the success of physical activity interventions include the physical social and economic environment competencies and workload of teachers as well as the perception that physical activity may interfere with the primary task of schools which is education Moreover the evaluation of physical activity interventions for children is challenging raising a discussion on how to best evaluate these interventions **Congressional Record** United States.

Congress,2012 **The Damned Don't Cry - They Just Disappear** Harlan Greene,2017-12-29 A biography of an unconventional Southern writer who illuminated gay life in the South In *The Damned Don't Cry They Just Disappear* literary historian and Lambda Award winning novelist Harlan Greene has created a portrait of a nearly forgotten southern writer unearthing information from archives rare books film libraries and small town newspapers Greene brings Harry Hervey 1900 1951 to life and explicates his works to reveal him as a hardworking writer and master of many genres bravely unwilling to conform to conventional values As Greene illustrates Hervey's novels short stories nonfiction books and film scripts contain complex mixtures of history and thinly disguised homoerotic situations and themes They blend local color naturalism melodrama and psychological and sexual truths that provide a view to the circles in which he moved Living openly with his male lover in Savannah Georgia and Charleston South Carolina Hervey set novels in these cities that scandalized the locals and critics as well He challenged the sexual mores of his day sometimes subtly and at other times brazenly presenting texts that told one story to gay male readers while still courting a mainstream audience His novels and nonfiction may have been coded and thus escaped detection in their day but twenty first century readers can decipher them easily Greene also discusses Hervey's travel books and successful Hollywood scriptwriting as well as his use of exotic elements from Asian cultures The iconic film *Shanghai Express* starring Marlene Dietrich was based on one of his original stories He also wrote some of the first travel books on Indochina with descriptions of male and female prostitution and allusions to his own sexual adventures which still make for sensational reading today Despite Hervey's output and his perseverance in presenting gay characters and themes as openly as he could he has not been included in any survey of twentieth century gay writers Greene now rectifies this omission providing the first book length study of Hervey's life and work and the first scholarly attention to him in more than fifty years It furthers our understanding of gay life in the South as well as the impact of gay artists on popular culture in the first half of the twentieth century □□□□ □□□□□□□□ Andrew McAfee,2024-04-30 10 2013 Netflix 8 HBO HubSpot 90 Andrew McAfee Cumulated Index to the Books ,1943 **Cumulative Author Index to Psychological Abstracts** ,1975
