High School Library Orientation Activities:

Teaching Life Skills in the School Library Blanche Woolls, Connie Hamner Williams, 2019-03-08 Drawing on stories from successful programs and research this book shows librarians how to provide students with the practical information they need for a bright future Chapters cover career readiness financial literacy and civic responsibility at each grade level From preschool through high school students are preparing for their future As they move through grade levels they choose courses research potential careers learn about managing money and recognize the responsibilities of being active citizens At each step of the way librarians can collaborate with teachers to help students to learn how to live in a world they can only imagine School librarians are positioned to make a positive impact on students lives when it matters most Focusing on preparation for life after high school this book cites research and provides anecdotes of successful programs as examples of how school librarians in collaboration with counselors community members public libraries and teachers can develop collections and offer programming to show students the importance of finishing high school Chapters also explain how to help students to find the college or university that fits with their educational interests and won't cause them to incur enormous debt Included in every chapter are activities resources and lesson plans around topics at each grade level for librarians to co teach with teachers counselors and other school staff *Supporting Reading in Grades 6-12* Sybil M. Farwell, Nancy L. Teger, 2012-06-11 This book presents a curricular framework for students grades 6-12 that school librarians and teachers can use collaboratively to enhance reading skill development promote literature appreciation and motivate young people to incorporate reading into their lives beyond the required schoolwork *Supporting Reading Grades 6-12 A Guide* addresses head on the disturbing trend of declining leisure reading among students and demonstrates how school librarians can contribute to the development of lifelong reading habits as well as improve students motivation and test scores The book provides a comprehensive framework for achieving this the READS curriculum which stands for Read as a personal activity Explore characteristics history and awards of creative works Analyze structure and aesthetic features of creative works Develop a literary based product and Score reading progress Each of these five components is explained thoroughly describing how school librarians can encourage students to read as individuals in groups and as school communities support classroom teachers instruction and connect students to today's constantly evolving technologies Used in combination with an inquiry information skills model the READS curriculum enables school librarians to deliver a dynamic balanced library program that addresses AASL's Standards for the 21st Century Learner *Library of Congress Subject Headings* Library of Congress, 2012 *School Library Makerspaces in Action* Heather Moorefield-Lang, 2018-03-05 Maker learning spaces in schools and public libraries are made real through the narratives of professional librarians around the world comprising the collaborative activities experiences and perspectives of librarians as they have implemented makerspaces for students of all ages *School Library Makerspaces in Action* is for any librarian looking for inspiration for their own makerspaces

hackerspaces fablabs or DIY locations and how to use these spaces in libraries and educational settings Contributions from authors around the world address the needs of most all readers including how to provide the staff training necessary for a successful makerspace Each chapter is written from an author s personal experience and with only a little fine tuning and imagination many of these ideas can be used throughout all levels disciplines and subjects in K 12 education and carry over into higher education The successes and optimism shared in this collection will inspire librarians and educators to think positively about how to implement maker learning locations train staff and use makerspaces in their libraries and classrooms to promote and share new ideas
