Sexual and Marital Metaphors in Hosea, Jeremiah, Isaiah, and Ezekiel Sharon

Moughtin-Mumby, 2008-06-05 Sharon Moughtin Mumby considers the often unrecognised impact of different approaches to metaphor on readings of the prophetic sexual and marital metaphorical language She outlines a practical and consciously simplified approach to metaphor placing strong emphasis on the influence of literary context on metaphorical meaning Drawing on this approach she reads Hosea 4 14 Jeremiah 2 1 4 4 Isaiah Ezekiel 16 and 23 and Hosea 1 3 with fresh eyes Her lucid new readings reveal the way in which scholarship has repeatedly stifled the prophetic metaphorical language by reading it within the default contexts of the marriage metaphor and cultic prostitution which for so many years have been simply assumed Readers are encouraged instead to read these diverse metaphors and similes within their distinctive literary contexts in which they have the potential to rise vividly to life provoking the question how are we to respond to these disquieting powerful texts in the midst of the Hebrew Bible

Pictorial

Metaphor in Advertising Charles Forceville, 2002-01-22 Over the past few decades research on metaphor has focused almost exclusively on its verbal and cognitive dimensions In Pictorial Metaphor in Advertising Charles Forceville argues that metaphor can also occur in pictures and draws on relevant studies from various disciplines to propose a model for the identification classification and analysis of pictorial metaphors By using insights taken from a range of linguistic artistic and

cognitive perspectives for example interaction and relevance theory Forceville shows not only how metaphor can occur in pictures but also provides a framework within which these pictorial metaphors can be analyzed The theoretical insights are applied to thirty advertisements and billboards of British French German and Dutch origin Apart from substantiating the claim that it makes sense to talk about pictorial metaphors the detailed analyses of the advertisements suggest how metaphor theory can be employed as a tool in media studies Context in its various manifestations plays a key role in the analyses Furthermore the results of a small scale experiment shed light on where general agreement about the meaning of a pictorial metaphor can shade over into other more idiosyncratic but equally valid interpretations The final chapter sketches the ways in which the insights gained can be used for further research
