Roman Drama and its Contexts Stavros Frangoulidis, Stephen J. Harrison, Gesine Manuwald, 2016-03-21 Roman plays have been well studied individually even including fragmentary or spurious ones more recently However they have not always been placed into their context though plays just like items in other literary genres benefit from being seen in context This edited collection aims to address this issue it includes 33 contributions by an international team of scholars discussing single plays or Roman dramatic genres including comedy tragedy and praetexta from both the Republican and imperial periods in contexts such as the literary tradition the relationship to works in other literary genres the historical and social situation the intellectual background or the later reception Overall they offer a rich panorama of the role of Roman drama or individual plays in Roman society and literary history The insights gained thereby will be of relevance to everyone interested in Roman drama or literature more generally comparative literature or drama and theatre studies This contextual approach has the potential of changing the way in which Roman drama is viewed

The Evolution of English Language Learners in Japan Yoko Kobayashi, 2018-01-19 This book seeks a better understanding of the sociocultural and ideological factors that influence English study in Japan and study abroad contexts such as university bound high schools female dominant English classes at college ESL schools in Canada and private or university affiliated ESL programs in Singapore and Malaysia The discussion is based not only on data garnered from Japanese EFL learners and Japanese overseas educators but also on official English language policies and commercial magazine discourses about English study for Japanese people The book addresses seemingly incompatible themes that are either entrenched in or beyond Japan's EFL context such as Japan's decades long poorly performing English

education vs its equally long lived status as an economic power Japanese English learners preference for native English speakers norms in at home Japanese EFL contexts vs their friendship with other Asian students in western study abroad contexts Japanese female students dream of using English to further their careers vs Japanese working women s English study for self enrichment Japanese society s obsession with globalization through English study vs the Japanese economy sustained by monolingual Japanese businessmen Japanese business magazines frequent cover issues on global business English study vs Japanese working women s magazines less frequent and markedly feminized discourses about English study
