Abstracting Reality Mark J. P. Wolf,2000 Abstracting Reality considers the relationship between digital technology and culture and their mutual influences on each other The book begins with an examination of how everyday life became quantized over time setting the stage for digital technology which developed out of communication machine control and calculating machines From there the book explores how digital technology changed the nature of art inherent culture biases in digitization composite imagery machine mediated communication the metaphor of cyberspace virtual reality and finally the way in which digital technology and imaging changes the very nature of indexicality itself **My First Greenbook** Christy Ellis,1997 A catalog of the popular collectible plush animals called Beanie Babies manufactured by the Ty Company

Collectibles Market Guide and Price Index Diane C. Jones,1991-11 *The Green Book* Jill Paton Walsh,2012-03-13

Jill Paton Walsh s classic science fiction novel *The Green Book* is now available from Square Fish with a brand new cover Pattie and her family are among the last refugees to flee a dying Earth in an old spaceship And when the group finally lands on the distant planet which is to be their new home it seems that the four year journey has been a success But as they begin to settle this shiny new world they discover that the colony is in serious jeopardy Nothing on this planet is edible and they may not be able to grow food With supplies dwindling Pattie and her sister decide to take the one chance that might make life possible on Shine **Collector's Information Bureau's Collectibles Market Guide and Price Index** Diane J.

Carnevale,1992-11 *Collectibles Market Guide & Price Index to Limited Edition Plates, Figurines, Bells, Graphics, Christmas Ornaments and Dolls* ,1990 **Freedom Beyond Confinement** Michael Ra-Shon Hall,2021-11-16 Freedom Beyond Confinement examines the cultural history of African American travel and the lasting influence of travel on the imagination particularly of writers of literary fiction and nonfiction Using the paradox of freedom and confinement to frame the ways travel represented both opportunity and restriction for African Americans the book details the intimate connection between travel and imagination from post Reconstruction ca 1877 to the present Analysing a range of sources from the black press and periodicals to literary fiction and nonfiction the book charts the development of critical representation of travel

from the foundational press and periodicals which offered African Americans crucial information on travel precautions and possibilities notably during the era of Jim Crow to the woefully understudied literary fiction that would later provide some of the most compelling and lasting portrayals of the freedoms and constraints African Americans associated with travel Travel experiences often challenging and vexed provided the raw data with which writers produced images and ideas meaningful as they learned to navigate negotiate and even challenge racialized and gendered impediments to their mobility In their writings African Americans worked to realize a vision and state of freedom informed by those often difficult experiences of mobility In telling this story the book hopes to center literary fiction in studies of travel where fiction has largely remained absent
