

A fouled spark plug

Illustration of different spark plug "gaps"

Best advice about plugs is to use the right one. The accompanying illustrations explain various plug construction and types. A study of your vehicle's plugs will do much to remove the confusion surrounding confusion.

Always use the plug recommended by the manufacturer for several conditions: Is the recommended plug in exactly the line as the last for the conditions your vehicle represents, or is the next step in heat range, for the plug right to keep it clean, and you'll have the right of the ignition system in working.
