Piston Grinds

The following selective grinds are available in standard size pistons only. When ordering standard size pistons the identification letter of the selective grade should be clearly stated. Pistons are stamped on the crown with the letter identification and the cylinder block is also stamped on the top face adjacent to the bore.

With the rings fixed to the piston check the side clearance in the grooves which should be .001" to .002" (.025 to .050 mm.).

One of the compression rings is hard chrome plated and this ring must be fitted to the top groove in the piston.
