Teaching Sociology Successfully Andrew Jones, 2017-07-06 *Teaching Sociology Successfully* is a comprehensive guide to teaching learning and delivering sociology not only with success but with confidence. Carefully combining insightful anecdotes and practical ideas with key theoretical concepts on planning learning styles and assessment, this book is an essential tool for both new and experienced teachers of sociology. David Cameron and Nick Clegg pledged a new politics with the government taking office in the midst of the worst economic crisis since the 1930s. Five years on, a team of leading experts drawn from academia, the media, Parliament, Whitehall and think tanks assesses this coalition effect across a broad range of policy areas. Adopting the contemporary history approach, this pioneering book addresses academic and policy debates across this whole range of issues. Did the coalition represent the natural next step in party dealignment and the evolution of multi-party politics? Was coalition in practice a historic innovation in itself, or did the essential principles of Britain's uncoded constitution remain untroubled? Fundamentally, was the coalition able to deliver on its promises made in the coalition agreement, and what were the consequences for the country and the parties of this union? *Revolutionizing K-12 Blended Learning through the i2Flex Classroom Model* Avgerinou, Maria D., Gialamas, Stefanos P., 2016-06-20 Blended learning has gained significant attention recently by educational leaders, practitioners and researchers. i2Flex, a variation of blended learning, is based on the premise that certain non-interactive teaching activities such as lecturing can take place by students without teachers' direct involvement. phase of the qualification in particular the turbulence which resulted from the shift away from a mostly linear to a modular system combined with a high proportion of controlled assessment and generous marking tolerances Exam board experts raised concerns at the time but these were not acted upon by the regulator the then interim Ofqual Further difficulties arose because of pressures from the school accountability system The problems experienced with GCSE English in 2012 highlighted serious weaknesses in the moderation of speaking and listening with consequences for grade awarding The current status of Ofqual as an independent regulator accountable to Parliament is the right one However the Coalition Government is bringing in wholesale changes to GCSEs and A levels to a tight timetable and at the same time Ofqual must have systems in place The Committee is also concerned that there is a rush towards separate exam systems for England Wales and Northern Ireland without careful reflection on what might be lost or consensus that this is the right thing to do
