Masquerade Deborah Bell, 2014-12-31 In its conventional meaning masquerade refers to a festive gathering of people wearing masks and elegant costumes But traditional forms of masquerade have evolved over the past century to include the representation of alternate identities in the media and venues of popular culture including television film the internet theater museums sports arenas popular magazines and a range of community celebrations reenactments and conventions This collection of fresh essays examines the art and function of masquerade from a broad range of perspectives From African slave masquerade in New World iconography to the familiar Guy Fawkes masks of the Occupy Wall Street movement to the branded identities created by celebrities like Madonna Beyonce and Lady Gaga the essays show how masquerade permeates modern life

Goethe, Nietzsche, and Wagner T. K. Seung, 2006-03-27 The author reads Goethe's Faust as the first epic written under Spinoza's influence He shows how its thematic development is governed by Spinoza's pantheistic naturalism He further contends that Wagner and Nietzsche have tried to surpass their mentor Goethe's work by writing their own Spinozan epics of love and power in The Ring of the Nibelung and Thus Spoke Zarathustra These Spinozan epics are designed to succeed the Christian epics in the Western literary tradition Whereas the Christian epics dared to groom human beings for their destiny in the supernatural world the Spinozan epics try to reinstate humanity as the children of Mother Nature and overcome their alienation from the natural world which had been dictated by the long reign of Christianity However it has been well noted that none of these new epics seems to hang together thematically as a coherent work By his Spinozan reading the author not only demonstrates the thematic unity of each of them singly but further illustrates their thematic relation with each other

S. Strother, 2025-12-23 In this groundbreaking book Z S Strother inspired by dialogues with African masquerade patrons and performers disputes assumptions that masks universally hide reveal or transform In Western European languages the word mask exerts a powerful presence as a figure of speech To masquerade is to pretend to be someone or something one is not By extension unmasking is a heroic metaphor for exposing a hidden truth In this volume art historian Z S Strother counters that narrative using African case studies to offer an alternative vision of masquerading She explores the aesthetic emotions aroused by masks or more precisely by dances of masks joy wonder awe fear and the release of laughing out loud She also investigates the uncanny a sensation of delicious shiveriness triggered when familiar spaces and individuals become strange and changeable Inspired by Strother s studies in DR Congo *African Masks and Emotions* takes a comparative perspective and moves emotion from the periphery to the center of analysis *St. Petersburg* Jonathan Miles, 2018-03-06 Established in 1703 by the sheer will of its charismatic founder the homicidal megalomaniac Peter the Great St Petersburg s dazzling yet unhinged reputation was quickly cemented by the sadistic dominion of its early rulers This city in its successive incarnations St Petersburg Petrograd Leningrad and once again St Petersburg has always been a place of perpetual contradiction It was a window to Europe and the Enlightenment but so much of Russia s unique glory was also created here its literature music dance and for a time its political vision It gave birth to the artistic genius of Pushkin and Dostoyevsky Tchaikovsky and Shostakovich Pavlova and Nureyev Yet for all its glittering palaces fairytale balls and enchanting gardens the blood of thousands has been spilt on its snow filled streets It has been a hotbed of war and revolution a place of siege and starvation and the crucible for Lenin and Stalin s power hungry brutality In *St Petersburg* Jonathan Miles recreates the drama of three hundred years in this paradoxical and brilliant city bringing us up to the present day when its fate hangs in the balance once more *The Undercut Reader* Nina Danino, Michael Mazière, 2003 A collection of writings and visual works from the UK magazine *Undercut* together with newly commissioned articles by leading critics in the field *Peasants into Frenchmen* Eugen Weber, 1976 France achieved national unity much later than is commonly supposed For a hundred years and more after the Revolution millions of peasants lived on as if in a timeless world their existence little different from that of the generations before them The author of this lively often witty and always provocative work traces how France underwent a veritable crisis of civilization in the early years of the French Republic as traditional attitudes and

practices crumbled under the forces of modernization Local roads and railways were the decisive factors bringing hitherto remote and inaccessible regions into easy contact with markets and major centers of the modern world The products of industry rendered many peasant skills useless and the expanding school system taught not only the language of the dominant culture but its values as well among them patriotism By 1914 France had finally become La Patrie in fact as it had so long been in name

The Politics of Focus Lindsay Smith,1998 Explores the meanings of photographic 19th century photographic discourse both visual and verbal as it related to the status and image of women and children Of particular importance to the author is how the work of women photographers addressed issues of early feminism In the course of the book she attempts to use the material to help form the basis of a new critical theory of photography which can take a place next to the more mature theory of film Distributed by St Martin s Press Annotation copyrighted by Book News Inc Portland OR
