3. Everything must be explained by science
4. The human self is not an intending self but a genetically pre-programmed organism
5. When it comes to understanding humans, it is all in the genes.

2. Puritans and Calvinists believe that salvation sin has so totally depraved humans that humans are born and live their entire lives deserving eternal damnation.
3. Providence is the protective care of God or of nature as a spiritual power.

Social Determinism

1. The unconscious mind is human behavior is driven by unconscious impulses based on repressed memories and desires
2. You become neurotic and are not responsible for your actions.
3. Neurotic means unstable
4. Freud recognized that people can use the emotional power of repressed memories and desires for right action by channeling this energy creatively and less neurotically - called this "sublimation"
5. *****
6. The superego persuades the ego to choose moral behavior and strive for perfection by offering punishments and rewards.
