J Dillas Donuts:

J Dilla's Donuts Jordan Ferguson, 2014-04-24 From a Los Angeles hospital bed equipped with little more than a laptop and a stack of records James J Dilla Yancey crafted a set of tracks that would forever change the way beatmakers viewed their artform The songs on Donuts are not hip hop music as hip hop music is typically defined they careen and crash into each other in one moment noisy and abrasive gorgeous and heartbreaking the next The samples and melodies tell the story of a man coming to terms with his declining health a final love letter to the family and friends he was leaving behind As a prolific producer with a voracious appetite for the history and mechanics of the music he loved J Dilla knew the records that went into constructing Donuts inside and out He could have taken them all and made a much different more accessible album If the widely accepted view is that his final work is a record about dying the question becomes why did he make this record about dying Drawing from philosophy critical theory and musicology as well as Dilla s own musical catalogue Jordan Ferguson shows that the contradictory irascible and confrontational music found on Donuts is as much a result of an artist s declining health as it is an example of what scholars call late style placing the album in a musical tradition that stretches back centuries

Dilla Time Dan Charnas, 2022-02-01 WINNER OF THE PEN JACQUELINE BOGRAD WELD AWARD FOR BIOGRAPHY NEW YORK TIMES BESTSELLER This book is a must for everyone interested in illuminating the idea of unexplainable genius QUESTLOVE Equal parts biography musicology and cultural history Dilla Time chronicles the life and legacy of J Dilla a musical genius who transformed the sound of popular music for the twenty first century He wasn t known to mainstream audiences even though he worked with renowned acts like D Angelo and Erykah Badu and influenced the music of superstars like Michael Jackson and Janet Jackson He died at the age of thirty two and in his lifetime he never had a pop hit Yet since his

death J Dilla has become a demigod revered by jazz musicians and rap icons from Robert Glasper to Kendrick Lamar memorialized in symphonies and taught at universities And at the core of this adulation is innovation a new kind of musical time feel that he created on a drum machine but one that changed the way traditional musicians play In Dilla Time Dan Charnas chronicles the life of James DeWitt Yancey from his gifted childhood in Detroit to his rise as a Grammy nominated hip hop producer to the rare blood disease that caused his premature death and follows the people who kept him and his ideas alive He also rewinds the histories of American rhythms from the birth of soul in Dilla s own Motown to funk techno and disco Here music is a story of Black culture in America and of what happens when human and machine times are synthesized into something new Dilla Time is a different kind of book about music a visual experience with graphics that build those concepts step by step for fans and novices alike teaching us to see and feel rhythm in a unique and enjoyable way Dilla s beats startling some people with their seeming sloppiness were actually the work of a perfectionist almost spiritually devoted to his music This is the story of the man and his machines his family friends partners and celebrity collaborators Culled from more than 150 interviews about one of the most important and influential musical figures of the past hundred years Dilla Time is a book as delightfully detail oriented and unique as J Dilla s music itself Kendrick Lamar's To Pimp a Butterfly Sequoia Maner,2022-05-05 Breaking the global record for streams in a single day nearly 10 million people around the world tuned in to hear Kendrick Lamar s sophomore album in the hours after its release To Pimp a Butterfly was widely hailed as an instant classic garnering laudatory album reviews many awards and even a canonized place in Harvard s W E B Du Bois archive Why did this strangely compelling record stimulate the emotions and imaginations of listeners This book takes a deep dive into the sounds images and lyrics of To Pimp a Butterfly to suggest that Kendrick appeals to the psyche of a nation in crisis and embraces the development of a radical political conscience Kendrick breathes fresh life into the Black musical protest tradition and cultivates a platform for loving resistance Combining funk jazz and spoken word To Pimp a Butterfly s expansive sonic and lyrical geography brings a high level of innovation to rap music More importantly Kendrick s introspective and philosophical songs compel us to believe in a future where perhaps we gon be alright *Judy Garland's Judy at Carnegie Hall* Manuel Betancourt,2020-05-14 On the night of Sunday April 23 1961 Judy Garland made history That s no hyperbole Surrounded by a throng of ecstatic fans 3 165 to be exact the legendary performer delivered a concert in Carnegie Hall the live recording of which became upon release an unlikely pop cultural phenomenon Judy at Carnegie Hall the two disc set that captured all 25 numbers she performed that night went on to spend more than 70 weeks on the Billboard charts win four Grammy Awards including Album of the Year making it the first live music album and the first album by a female performer to win the category and become in the process the fastest selling two disc set in history What the recording highlights and what s made it an enduring classic in a class of its own is the palpable connection between the songstress and her fans Indeed The New York Times reported in its review of the evening s proceedings what actually was to

have been a concert and was also turned into something not too remote from a revival meeting By looking at her song choices her stage banter the album's cultural impact and her place in the gay pantheon this book argues that Judy's palpable connection with her fans is precisely what her Capitol Records two disc album captured

The National's Boxer Ryan Pinkard, 2022-04-07 Pinkard's account brings to light the ambition and artistry the stress and frustration and ultimately the joy of making this very special album Peter Katis The National's engineer and mixer on Boxer I am spooked by how well Pinkard has captured these characters and this madcap project I am not sure how he did it Carin Besser co lyricist on Boxer and wife to Matt Berninger Accessible perceptive sometimes hilarious but more often harrowing Pinkard's book gets a running start on its subject tracing The National's trajectory from their first notes together to the creation of Boxer Stephen M Deusner music critic and author We all know the Boxer The fighter who remembers every glove but still remains That grisly bruised American allegory who somehow gets up more times than he's knocked down This is the fight that nearly broke The National The one that allowed them to become champions Released in 2007 The National's fourth full length album is the one that saved them For fans Boxer is a profound personal meditation on the unmagnificent lives of adults an elegant culmination of their sophisticated songwriting and the first National album many fell in love with For the band Boxer symbolizes an obsession a years long struggle a love story a final give it everything you've got effort to keep their fantasy of being a real rock band alive Based on extensive original interviews with the fighters who were in the ring and the spectators who witnessed it unfold Ryan Pinkard obsessively reconstructs a transformative chapter in The National's story revealing how the Ohio via Brooklyn five piece found the sound success and spiritual growth to evolve into one of the most critically acclaimed bands of their time

Cardi B's Invasion of Privacy Ma'Chell M. Duma, 2024-03-07 The apex of critical praise and commercial success is a metric achieved by a select few In 2020 Cardi B became synonymous with record breaking as her debut album Invasion of Privacy went five times platinum and became the longest charting record by a female rapper in history From streaming and charting to views likes retweets and shares Cardi dominates Cardi B's ascension to stardom is pure 21st century from welfare kid to unapologetic stripper reality TV persona to social media maven to a household name delivering one of the consummately executed albums in rap history it's easy to imagine future critics noting popular music as before and after the rise of Cardi B This in depth look at Invasion of Privacy explores the sexual politics of hip hop through a track by track breakdown of the album It addresses questions like How does the wage gap impact pop music Has Cardi destigmatized sex work for artists What would hip hop look like as a matriarchy Each chapter explores the musicality and social constructs that shape the album and a new movement in femme rap

Tracking Giants Amanda Lewis, 2023-05-30 I learned I laughed I sighed I swooned What an absolutely delightful romp through the forest Kate Harris author of Lands of Lost Borders Intimate open hearted A personal introduction to one of the most profoundly alive places on earth John Vaillant author of The Golden Spruce A funny deeply relatable book about one woman's quest to track some of the world's biggest

trees Amanda Lewis was an overachieving burned out book editor most familiar with trees as dead blocks of paper A dedicated indoorswoman she could barely tell a birch from a beech But that didn't stop her from pledging to visit all of the biggest trees in British Columbia a Canadian province known for its rugged terrain and gigantic trees The Champion trees on Lewis's ambitious list ranged from mighty Western red cedars to towering arbutus They lived on remote islands and at the center of dense forests The only problem Well there were many Climate change and a pandemic aside Lewis's lack of wilderness experience the upsetting reality of old growth logging the ever changing nature of trees and the pressures of her one year timeframe complicated her quest Burned out again and realizing that her checklist approach to life might be the problem she reframed her search for trees to something humbler and more meaningful getting to know forests in an interconnected way Weaving in insights from writers and artists Lewis uncovers what we're really after when we pursue the big things revealing that sometimes it's the smaller joys the mindsets we have and the companions we're with that make us feel more connected to the natural world
