James S Horde Leveling Guide

Erik Kuravsky

James S Horde Leveling Guide:

Paul, Corinth, and the Roman Empire Panayotis Coutsoumpas, 2015-08-11 Paul's letter to the Corinthians provides an exclusive quick look into the social and political life of a young Christian congregation in a Greco-Roman environment during the early decades when Christianity was emerging. The letter provides a range and richness of information regarding the early church that is unparalleled by any other writing in the New Testament. Much effort has gone into reconstructing the Christian church at Corinth; more recently, attention has focused on the Corinthian congregation itself and its influence towards the community of the Roman Empire. The scholarly picture of the Corinthian community throughout the period of modern interpretation has been far from constant. It has been continually altered as interpretative fashions have changed.

The Mystery of Being Erik Kuravsky, 2025-09-18 This book showcases the contributions of esteemed scholars in Heideggerian studies delving into the inquiry of the mystical essence inherent in Heidegger's thought. Rather than confining mystery to the conventional realm of mysticism separate from philosophy, this volume's original research investigates how the mystery of being is integral to philosophy itself, shaping its performative and transformative nature. The book's central inquiry asks whether this mystical element is essential to Heidegger's thought and how it relates to traditional notions of mysticism. At its core, however, it questions the very essence of philosophy, its transformative potential engaging with numerous themes in Heidegger's work while remaining attuned to the centrality and significance of the mystery of being. **Personnel Literature** United States.
