Gottschalk A. Louis, Carolyn N. Winget, Goldine C. Gleser, 2023-11-15 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1969 *YOU: The Owner's*

Manual for Teens Michael F. Roizen, Mehmet Oz, 2011-06-07 A few years ago we wrote *YOU The Owner's Manual* which taught people about the inner workings of their bodies and how to keep them running strong But you know what There's a big difference between an adult's body and your body between adults' health mysteries and your health mysteries between their questions and your questions So teens this book is for YOU We'll talk to you about the biological changes that are happening in your brain and your body We'll show you how to get more energy improve your grades protect your skin salvage more sleep get fit eat well maximize your relationships make decisions about sex and so much more In fact in these pages we answer hundreds of your most pressing health related questions And you know what else We are going to treat you like adults in one very important way We're not going to preach We're going to give you straight up information that you can use to make smart choices about how to live the good life and enjoy every second of it Starting right now **Mobile**

e-Health Hannah R. Marston, Shannon Freeman, Charles Musselwhite, 2017-12-01 This multi disciplinary collection of essays captures discussion thinking and research surrounding the recent surge of interest in how technology can help us as we age A wide range of topics are covered from investigations in the use of technology to improve health and well being to examinations of digital gaming mobile health apps and the quantified self in relation to an ageing population From multi disciplinary perspectives this collection highlights the role of a more social approach to technology As such a variety of social research methods are used throughout the chapters The benefits and issues with different approaches are highlighted both in terms of further research but also so the reader can judge the value of the research for themselves This collection brings together the latest thinking and cutting edge contemporary research from leading thinkers and academics in the field of human computer interaction health and gerontology In taking a social approach it highlights how technological practices fit within wider gerontological political and cultural perspectives It therefore has potential to influence those working in human computer interaction digital humanities sociology psychology and gerontology It can help change the practice of people working in the health and social care field in computer and product design and in the digital and creative industries **The**
