Journey of The Roma Through Time and Space Shashi Bala, Punita Singh,2025-09-26 The book Journey of the Roma through Time and Space marks one thousand years of exodus of Roma the forgotten children of India and focuses on the historical linguistic and cultural connection of Roma with their homeland India The Roma or Romani people representing the largest ethnic minority of Europe are traditionally nomadic itinerants who were widely known by the appellation Gypsies until the First World Romani Congress held at the suburb of south east London in April 1971 when the name Roma was officially adopted as the sole preferred ethnonym for the Roma Gypsy groups The immensely significant outcome of the First Congress was the unanimous consent to adopt the Roma flag embossed with the red chakra containing 16 spokes known as

the Dharma Chakra in recognition of its Indian origin that was reaffirmed as the official emblem of the Roma people. Despite the long passage of time and their perennial journey to different parts of the world, Roma have managed to maintain a distinct identity by preserving certain aspects of their culture, traditions, and language. The book manifests a vivid image of political, economic, and socio-cultural situations and ethnic identity of Roma communities. Roma have a long history of suffering discrimination, persecution, and exclusion in Europe. European rulers unleashed hatred and discrimination against them. They were for instance enslaved in Romanian principalities of Wallachia and Moldavia from 14th to 19th centuries. They were also victims of genocide during the Second World War when about half million Roma were massacred along with Jews by the Nazi regime. Their situation still remains critical as they continue to face discrimination and unequal access to vital services, especially healthcare, housing, education, and employment. While there have been some initiatives taken by European Commission to encourage Roma inclusion and participation, the limited progress has been reported in many European countries. A wide array of activities undertaken by Centre for Roma Studies and Cultural Relations, Antar Rashtriya Sahayog Parishad, beckons a strong hope to Roma communities around the world. This book is an imperative source for scholars, researchers, and students to research on myriad aspects of Roma communities.

Journey of the Star Children Through Time

Sonja Christiansen KRMT, Ed Webber RMT, 2022-02-03. Author Sonja A. Christiansen was born in Frankfurt, Germany, just after World War II. After coming to the United States as a child and growing up in Montville, Maine, she understood she had abilities that were different from others. She could handle wild animals, for example, picking up wild raccoons and moving them out of the cellar or feeding wild bears by hand. Author Harvard Ed Webber was also born right after the war in the small town of Rumford, Maine. As fate would have it, he also found he had unusual gifts for healing and flight. His first experience in the world of spirit was spontaneously leaving his body when he was in danger or extremely stressed. Who would have ever guessed that these two would meet, fall in love, be separated by others, and nearly fifty years later find each other again? By that time, both had many life experiences and had studied with many teachers who showed them how to use these abilities for good. They both learned early how to leave their bodies at will and experience a whole new world. This personal narrative tells the story of two children who believed they came from the stars and then built amazing lives together while exploring time travel, clairvoyance, and healing energy.

Journey Through Trauma

Gretchen L. Schmelzer, PhD, 2018-02-06. For survivors of PTSD and repeated relational trauma and the people who love them, Gretchen Schmelzer watched too many people quit during treatment for trauma recovery. They found it too difficult, or too frightening, or just decided that for them it was too late. But as a therapist and trauma survivor herself, Dr. Schmelzer wants us to know that it is never too late to heal from trauma, whether it is the suffering caused within an abusive relationship or PTSD resulting from combat. Sometimes what feels like a big setback is actually an unexpected, difficult step forward. So she wrote *Journey Through Trauma* specifically for survivors to help them understand the terrain of the healing process and stay on the path. There are three

basic principles that every trauma survivor should know Healing is possible It requires courage And it cannot be done alone Traumas that happen more than once child abuse sexual abuse domestic violence gang violence even war are all relational traumas They happened inside a relationship and therefore must be healed inside a relationship whether that relationship is with a therapist or within a group Journey Through Trauma gives us a map to help guide us through that healing process see where the hard parts show up and persevere in the process of getting well We learn the five phases that every survivor must negotiate along the way and come to understand that since the cycle of healing is not linear circling back around to a previous stage does not mean defeat it actually means progress as well as facing new challenges Authoritative and accessible Journey Through Trauma provides support for survivors and their loved ones through one of the most challenging but necessary processes of healing that anyone can face
