Mentoring demonstrably increases the retention of undergraduate and graduate students and is moreover invaluable in shaping and nurturing academic careers With the increasing diversification of the student body and of faculty ranks there is a clear need for culturally responsive mentoring across these dimensions Recognizing the low priority that academia has generally given to extending the practice of mentoring let alone providing mentoring for Black indigenous and people of color BIPOC and first generation students this book offers a proven and holistic model of mentoring practice developed in the field of psychology that not only helps mentees navigate their studies and the academy but provides them with an understanding of the systemic and racist barriers they will encounter validates their cultural roots and contributions and attends to their personal development Further recognizing the demands that mentoring places on already busy faculty the model addresses ways of distributing the work inviting White and BIPOC faculty to participate developing mentees capacities to mentor those that follow them building a network of mentoring across generations and adopting group mentoring Intentionally planned and implemented the model becomes self perpetuating building an intergenerational cadre of mentors who can meet the growing and continuing needs of the BIPOC community Opening with a review of the salient research on effective mentoring and chapters that offer minority students views on what has worked for them as well as reflections by faculty mentors the core of the book describes the Freedom Train model developed by the godfather of Black psychology Dr Joseph White setting out the principles and processes that inform the Multiracial Multiethnic Multicultural M3 Mentoring Model that evolved from it and offers an example of group mentoring While addressed principally to faculty interested in undertaking mentoring and

supporting minoritized students and faculty the book also addresses Deans and Chairs and how they can create Freedom Train communities and networks by changing the cultural climate of their institutions providing support and modifying faculty evaluations and rewards that will in turn contribute to student retention as well as creative and productive scholarship and research This is a timely and inspiring book for anyone in the academy concerned with the success of BIPOC students and invigorating their department s or school s scholarship     1979 NASA Authorization United States. Harland,2015-11-25 The highly successful Hubble Space Telescope was meant to change our view and understanding of the universe Within weeks of its launch in 1990 however the space community was shocked to find out that the primary mirror of the telescope was flawed It was only the skills of scientists and engineers on the ground and the daring talents of astronauts sent to service the telescope in December 1993 that saved the mission For over two decades NASA had developed the capabilities to service a payload in orbit This involved numerous studies and the creation of a ground based infrastructure to support the challenging missions Unique tools and EVA hardware supported the skills developed in crew training that then enabled astronauts to complete a demanding series of spacewalks Drawing upon first hand interviews with those closely involved in the project over thirty years ago this story explains the development of the servicing mission concept and the hurdles that had to be overcome to not only launch the telescope but also to mount the first servicing mission a mission that restored the telescope to full working order three years after its launch saved the reputation of NASA and truly opened a new age in understanding of our place in space This is not just a tale of space age technology astronauts and astronomy It is also a story of an audacious scientific vision and the human ingenuity and determination to overcome all obstacles to make it possible Hubble Space Telescope From Concept to Success is a story of an international partnership dedicated teamwork and a perfect blend of human and robotic space operations that will inspire people of all ages The subsequent servicing missions that enabled the telescope to continue its scientific program beyond its 25th year in orbit are described in a companion volume Enhancing Hubble s Vision Servicing a National Treasure     **Secondary School English Education in Asia**

Bernard Spolsky,Kiwan Sung,2015-03-27 Continuing on from the previously published Primary School English Language Education in Asia From Policy to Practice Moon Spolsky 2012 this book compiles the proceedings which took place at the 2011 annual conference of AsiaTEFL which took place in Seoul Korea It surveys the current status practices challenges and future directions of Secondary English education in 11 diverse countries in Israel Japan Korea Singapore Bangladesh India Indonesia Malaysia Pakistan Vietnam and China Given the importance of secondary English education as the central feature for continuing development of target language and culture in English language teaching in Asia each contributed chapter includes key policies theories and practices related to the development and implementation of country specific curricular and

instructional programs in secondary English educational contexts in these countries Secondary School English Education in Asia From Policy to Practice critically analyses both sides of the English language debate from advantages to complications in its chapters including Educating for the 21st Century The Singapore Experience Miles to Go Secondary Level English Language Education in India English Language Education Innovation for the Vietnamese Secondary School The Project 2020 Exploring the Value of ELT as a Secondary School Subject in China A Multi goal Model for English Curriculum Secondary School English Education in Asia will appeal to English Language Teaching ELT researchers teacher educators trainee teachers and teachers primarily those teaching in Asia      **Enhancing Hubble's Vision** David J. Shayler,David M. Harland,2015-11-25 This book tells the story of the four missions to maintain Hubble s successful operation Between 1997 and 2009 these repaired serviced and upgraded the instruments on the telescope to maintain its state of the art capabilities It draws on first hand interviews with those closely involved in the project The spacewalking skills and experiences gained from maintaining and upgrading Hubble had direct application to the construction of the International Space Station and help with its maintenance These skills can be applied to future human and robotic satellite servicing and maintenance activities as well not only in Earth orbit but at locations deeper in space A companion to this book The Hubble Space Telescope From Concept to Success relates the events of the Telescope s launch in 1990 and its rough start after a 20 year struggle to place a large optical telescope in orbit Originally intended to operate for fifteen years Hubble has just passed its 25th anniversary and there is every expectation that it will survive for thirty years Despite its early problems the Hubble Space Telescope has become a lasting legacy of the Space Shuttle program and indeed is a national treasure
