Mais Qui Est Donc Sister Love:

Antillanité, créolité, littérature-monde Isabelle Constant, Kahiudi C. Mabana, 2013-02-14 This collection of essays explores concepts present in literatures in French that since the 2007 manifesto more and more critics suspicious of the term Francophonie now prefer to designate as *littérature monde* world literature. The book shows how the three movements of antillanité, créolité and *littérature monde* each in their own way break with the past and distance themselves from the hexagonal centre. The critics in this collection show how writers seek to represent an authentic view of their history, culture, identities, reality and diversities. According to many of the contributors, creolization and *littérature monde* offer new perspectives and possibly a new genre of literature. Ces essais explorent les concepts présents dans la littérature en français que depuis le manifeste de 2007 de plus en plus de critiques suspicieux du terme francophonie préfèrent désigner sous le terme de *littérature monde*. Ce livre montre comment les trois mouvements antillanité, créolité et *littérature monde* bien qu'ils cherchent chacun présenter une rupture offrent aussi un but similaire de distanciation avec le centre hexagonal. Les critiques de ce recueil montrent comment les écrivains cherchent représenter une vision authentique de leur histoire, leur culture, leurs identités, leur réalité et leur diversité. Selon de nombreux contributeurs, ce recueil, la créolisation ou la *littérature monde* offrent de nouvelles perspectives et la possibilité d'un nouveau genre de littérature.
