Congo Masquerade Theodore Trefon,2011-09-08 Congo Masquerade is about mismanagement hypocrisy and powerlessness in what has proved to be one of Africa s most troublesome and volatile states In this scathing study of catastrophic aid inefficiency Trefon argues that whilst others have examined war and plunder in the Great Lakes region none have yet evaluated the imported template format reform package

pieced together to introduce democracy and improve the well being of ordinary Congolese It has the book demonstrates been for years an almost unmitigated failure due to the ingrained political culture of corruption amongst the Congolese elite abetted by the complicity and incompetence of international partners Startling and provocative Congo Masquerade offers a critical examination of why aid is not helping the Congo *The Soul-Catcher's Calling* Nigel J. Jamieson LLD,2020-01-08 There are hot spots sink holes and hell holes all over the earth They move around a bit Baghdad in Iraq has been often a hot spot Kabul in Afghanistan is another Then there s the sink hole of Tehran in Iran together with the recently war torn Damascus in Syria Don t blame the places nor even the folks New York in the USA London in the UK and Brussels in the EU are no different for being sometimes politically sinking hot spots or terrorist targeted hell holes In terms of prophetic history a welter of the world s biggest cities are everyday battlegrounds from which governmental academics compartmentalise their own specialist solutions Most of these solutions whether military or civic fall so far short of the cosmic solution as to escalate the existing state of world disorder Sure enough without a barebones history of hell there s no point to fixing up hell holes Without the briefest history of heaven it s also pointless to shore up sink holes And as for the world s hot spots you have to look as deep into the souls of the good guys as you do into the souls of the bad guys But you can t just walk off from compartmentalising a problem and expect it to sort itself out For a workable solution you ve got to bring back all the component parts together again that you first took apart and make them work together That s exactly why this Soul Catcher s Calling stops at nothing short of dealing with all things both under the sun and beyond the sun Soul catching is a military operation at first under command and then undertaken entirely by personal commitment All such tours of duty overseas will be carefully monitored and guided by the most experienced of guardian angels However perilous the front line travel none who seriously commit themselves to this soul catching operation shall get left behind *An Abridgment of the Criminal Law of the United States* Ellis Lewis,1848 **Stegian** Mandy M.
