The Chinese Dream: Educating the Future Michael A. Peters, 2019-08-02 This edited collection is based on a series of articles written by Michael A Peters as Editor in Chief of Educational Philosophy and Theory to explore the concept of The Chinese Dream first introduced by President Xi in 2012 This seventh volume in the Editor's Choice series provides a philosophical and historical analysis of The Chinese Dream by analyzing its major intersecting narratives liberal Confucian and Marxist With chapters covering higher education strategy social governance socialist rule of law the US China trade war technological unemployment and the emergence of the Chinese techno state this volume also offers an introduction to Chinese philosophy and history and its narrative re-crafting that presents China as a global power The author calls this process and the emerging Chinese narratives Educating the Future The Living Age, 1903 **Eclectic Magazine of Foreign Literature, Science, and Art**, 1903 **Chinese Politics and Foreign Policy under Xi Jinping** Arthur S. Ding, Jagannath P. Panda, 2020-11-23 This book focuses on China's future under Xi Jinping's authoritarian leadership by examining various facets of the political economic social and foreign policy trajectories of contemporary China It assesses Xi Jinping's power dynamic as the core leader of the Communist Party of China CPC and analyses the impact of Xi's signature domestic policies which demonstrate his political authority within the domestic sphere Moreover the book presents Xi's pro active assertive and action oriented outlook as a foundation for China's diplomacy in the new era Bringing together an international set of experts in the field who explore critical facets of China under Xi Jinping that deeply influence the regional as well as the global order the book investigates the impact of Chinese initiatives such as the grand Belt and Road Initiative BRI the Asian Infrastructure Investment Bank AIIB and the BRICS New Development Bank NDB Importantly the book illustrates US China relations and outlines how this relationship will intensify in the post COVID 19 era which is poised to be one of the biggest challenges and turning points of the Asian Century Offering a timely insight into China's future and the

trajectory of Xi Jinping's consolidation of power this book will be of interest to academics in the fields of China Studies Asian and International Politics and International Relations **INTERPRETATION OF DREAMS** IBN SERIN, 2014-01-01 **The Eclectic Magazine of Foreign Literature, Science, and Art**, 1892 **Russia and China** Michal Lubina, 2017-10-23 This book depicts the sophisticated relationship between Russia and China as a pragmatic one a political marriage of convenience Yet at the same time the relationship is stable and will remain so After all bilateral relations are usually based on pragmatic interests and the pursuit of these interests is the very essence of foreign policy And as often happens in life the most long lasting marriages are those based on convenience The highly complex complicated ambiguous and yet indeed successful relationship between Russia and China throughout the past 25 years is difficult to grasp theoretically Russian and Chinese elites are hard core realists in their foreign policies and the neorealist school in international relations seems to be the most adequate one to research Sino Russian relations Realistically throughout this period China achieved a multidimensional advantage over Russia Yet simultaneously Russia China relations do not follow the patterns of power politics Beijing knows its limits and does not go into extremes Rather China successfully seeks to build a longterm stable relationship based on Chinese terms where both sides gain albeit China gains a little more Russia in this agenda does not necessary lose just gains a little less out of this asymmetric deal Thus a new model of bilateral relations emerges which may be called by paraphrasing the slogan of Chinese diplomacy as asymmetric win win formula This model is a kind of back to the past a contemporary equivalent of the first model of Russia China relations the modus vivendi from the 17th century achieved after the Nerchinsk treaty
