This is a list containing the episodes of *The Transformers*, an animated television series depicting a war among giant robots who could transform into vehicles, other objects, and animals. Written and recorded in America, the series was animated in Japan. The entire series was based upon the line of transforming toys originally created by Japanese toy manufacturer Takara, which were developed into the Transformers line by American company Hasbro. In the USA, the show aired a total of 98 episodes between 1984 and 1987. The episodes are ordered chronologically by broadcast date.

*Scramble City* was released as an OVA (Original Video Animation) only in Japan in April 1986. It was created as a promotional video for the new line of Japan-exclusive *Scramble City* toys taking place years directly after Season 2 during the early stages of construction on Autobot City. Beginning with a recap of the coming of the Transformers to Earth and the story of Devastator, the OVA then gets its original story underway as the Autobots are shown to be in the midst of constructing the powerful *Scramble City*, overseen by their newest arrival, Ultra Magnus. When the Decepticons learn of this, their combiner robots are deployed to attack, and a battle between them and their Autobot counterparts ensues, focusing on their *Scramble Power*, the interchangeability of the individual limbs to the extent that at one point Breakdown of the Stunticons connects to Superior to damage him. At the OVA's conclusion, *Scramble City* is activated and assumes its robot mode.
