Goodman,1994      **O' the Places I've Been** Charles Classen,2012-04-12 This book captures the memorable elements of the record making aerial adventure around the world This trip was made by my partner Phil Greth and me in his 1955 Beechcraft G35 Bonanza It took place from the May 27 1988 liftoff at 6 00 a m in Waukegan Illinois and ended twenty days later on June 16 at the 4 37 p m flyby at Waukegan It became a day of infamy to my youngest son whose birthday was that day but was forgotten by his father until days later The book regales the reader with details of the trip that are expected to be enlightening to a pilot as the craft headed westbound to San Jose Honolulu Majuro Guadalcanal Cairns Adelaide Alice Springs Darwin Bali Singapore Madras Dubai Cairo Palma Santa Maria St Johns and home to Waukegan but somewhat repetitive and bordering on boring to the non pilot except for those moments that become exciting due to uncertainties of outcome This will tantalize most Details of preparation and afterglow are both mixed in and explored to provide the reader with a cradle to grave perspective Further it will introduce the author s father to the extent of giving an explanation of motivations and personalities Since this was somewhat of a second attempt on the part of these two pilots there will be the inclusions of two planning and preparation times It will include many of those friends and relatives who played sub orbital roles either knowingly or otherwise It will give significant background to a lot of decisions and animosities that surfaced on occasion The planning was intended to be sufficient to cause repeated memories of something told to me early on If the planning is done adequately the trip will be a lot of sheer boredom except for the interjection of sheer terror at the moments when something begins to go wrong The book concludes with a look back as the twenty years of record holding is celebrated and then closes with the setting of new records and the bittersweet finish to the living of a dream      **Popular Mechanics** ,2002-09 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle      *MotorBoating* ,1976-11      *Flying Magazine* ,1946-09      **LIFE** ,1962-04-27 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use      **Flying** ,1946      **Into the Field** S. D Murdoch,2010-06-23 The strange occurrence that Pete and his friend Mike Standell had experienced as children had changed them forever and the two of them had been sucked into a life that was on a level that didn t even register with others Parting as children it wasn t until years later that Mike Standell re entered Pete Scanlon s life but for what purpose Was this still the childhood friend he recalled or was there another reason for his reappearance In our author s story Into the Field he relates the tale of these two special beings who along with friend Dawson Penrod find themselves battling forces

behind the scenes to protect this proprietary knowledge that the two men possess the knowledge of the field The field a name given to an earthly energy which constantly surrounds everyone but it was having the ability to tap into it and use it s special properties that was different for Pete and Mike an ability unknown by virtually all It was when this particular special talent became known to others certain nefarious people who would stop at nothing to attain it that their live s were thrown into a tailspin Both men knew that knowledge such as this cannot be suppressed forever but in it s unveiling who would pay the ultimate price for it s release
