

Hey! Are you tired of flimsy cloth gags that don't do anything? Do the layers slip or come untied? Noisy sub getting you down?

Before you start, you'll, of course, need cloth! For this, ideally you want to own bandanas. It's pretty easy. All you need to do is get some fabric and cut it. Bandanas work fine for this. Make sure your bandanas are big enough. For material, look for a size of 18" x 18" or 20" x 20". If you're using a smaller size, you can find it in your fabric store's remnant bin, or just cut up old T-shirts.

This type of mouth breathing works sort of like a large balloon. When you push down on it, it expands out. It is very useful when you're putting in a large balloon. You'll really want to do a lot of mouth breathing before you have to use it.

Now for a normal OTM (or more, if you're so inclined). If you want it to look just like a normal OTM, pull the top lip up and the sides up with your thumb and forefinger. Even if this is a little painful, I assure you it creates that "equished cheeks" look we all like so much.

Next: OTNI Yeah buddy.

Cloth collar. You'll want to make this nice and snug. Just don't choke anyone, obviously! I on the other hand might as well be a suit and tie for the purpose of making a good impression. This helps distribute pressure more evenly.

Cloth collar: You'll want to make this nice and snug, don't choke anyone. Obviously, I recommend using a half knot if you want to be on the safe side. For best results, fold the bandana rather than rolling it. This helps distribute pressure more evenly.

Anyway that should cover it. Remember to have a signal, keep a log, be alert, don't leave your sub alone, don't drink, and for fuck's sake, if you're going to do this to yourself, do it right. Be safe and have fun!
