Neopatrimonialism in Central Asia Ferran Izquierdo-Brichs,Francesc Serra-Massansalvador,2021-01-12 This book is aimed both at researchers and advanced students of Central Asia the space of the former USSR and the foreign policy of

Russia and China The authors adopt a sociological approach in understanding how power structures emerged in the wake of the Soviet collapse The independencies in Central Asia did not happen as a consequence of a nationalist struggle but because the USSR imploded Thus instead of the elites being replaced the same Soviet elites who had competed for power in the previous system continued to do so in the new one which they had to build adapting themselves and the system to their needs Additionally unlike in the immense majority of the independent states that emerged from decolonization the social movements and capacity to mobilize the people were very weak in the new Central Asian states For this reason the configuration of the new systems was the product of a competition for power between a very small number of elites who did not have to answer to the people and their demands Thus the new power regimes acquired a strong neopatrimonial component Analyzing the structure of societies economies and politics of post socialist states this book will be of great interest to scholars of Central Asia to sociologists and to scholars of China s rise *The Book Buyer's Manual* Putnam, firm, publishers, New York,1853 **The Orphan from Samarkand** Jack Raily Herndon,2024-12-07 The Orphan of Samarkand by Jack Raily Herndon In the vibrant bustling city of Samarkand young orphan Jalal al Din survives by his wits stealing what he can to fill his empty stomach His life takes a dramatic turn when a mysterious merchant Haji recognizes his potential and offers him a path to a brighter future Jalal reluctantly agrees to become Haji s apprentice stepping into a world far beyond anything he imagined one filled with trade diplomacy and ancient magic As they traverse the legendary Silk Road Jalal learns the intricacies of commerce and the subtle art of persuasion But he also discovers that the Silk Road is no ordinary trade network it is a living breathing entity powered by ancient magic When Haji is kidnapped by the ruthless Red Silk Guild a faction bent on controlling the road s magic Jalal must navigate a treacherous web of alliances and rivalries to rescue his mentor and protect the delicate balance of the Silk Road Jalal s journey takes him to the glittering city of Xi an where he encounters the enigmatic Empress and gains her guarded support He also crosses paths with Lady Wei the shrewd leader of the rival Blue Lotus Guild and faces tests of loyalty wit and courage Along the way Jalal uncovers secrets about his own destiny and the mystical map entrusted to him a key to the magic of the Silk Road itself Blending historical intrigue with elements of fantasy The Orphan of Samarkand is a tale of adventure resilience and self discovery Jalal s path is fraught with danger but with the help of unlikely allies and his growing mastery of the road s arcane forces he begins to realize his role in a prophecy that could alter the fate of the Silk Road forever
