**The Myth of Good Christian Parenting** Marissa Franks Burt, Kelsey Kramer McGinnis, 2025-10-14 Christian parents want to raise their kids in a godly way But what if families have been sold promises that biblical parenting can never deliver Christian parents want to raise godly children but what happens when popular biblical parenting methods cause more harm than good The Myth of Good Christian Parenting exposes how the Christian parenting industry has sold families false promises for five decades leaving a trail of religious trauma damaged relationships and lost faith in its wake This groundbreaking analysis offers historical analysis traces the development of the Christian parenting industry and its influential figures who built parenting empires research based insights features survey data from adult children and parents affected by authoritarian parenting methods theological examination analyzes how popular teachings on authority compliance corporal punishment and control diverge from Jesus s teachings and encouragement for a better future equips readers to pursue a new path of freedom and mutual respect within their families Marissa Franks Burt and Kelsey Kramer McGinnis combine rigorous research with compelling storytelling to reveal how evangelical parenting culture has shaped and often strained families from the 1970s to today Drawing on history sociology theology and extensive survey responses from adult children and parents they trace the rise of Christian parenting empires that idealize obedient children and perfect households while leaving real families feeling inadequate They also examine the lasting damage caused by popular Christian parenting teachings including loss of faith estrangement religious trauma and deep regret for older parents and provide hope for healing Whether you re a Christian parent questioning traditional methods an adult recovering from a strict religious upbringing or a church leader seeking healthier family ministry approaches this book equips you to pursue mutual respect emotional safety and authentic faith within your family relationships *Christian Parenting* David P. Setran, 2022-06-21 What can the past teach us about what it means to be a good Christian parent today Today s parenting guidance can sometimes feel timeless and inviolable especially when it comes to the spiritual formation of children in Christian households But even in the recent past parenting philosophies have differed widely among Christians in ways that reflect the contexts from which they emerged In this illuminating historical study David Setran catalogs the varying ways American Protestants envisioned the task of childrearing in the seventeenth eighteenth and nineteenth centuries Comparing two main historical time periods the colonial era and the Victorian era Setran uncovers common threads opposing viewpoints and the cultural and religious influences behind the dominant parenting postures of each era The implications of his findings matter for today s big questions about parenting Should children be viewed as basically good in need of protection from corruption or as fundamentally sinful in need of moral correction How should parents address misbehavior Should a parent s primary role be that of teacher disciplinarian or nurturer What importance should be attributed to devotions and prayer church involvement Sabbath keeping home decorating and fun family activities What consideration should be given to gender Should boys and

girls be raised differently Do mothers and fathers have essentially different responsibilities As he surveys these historical perspectives Setran reflects on the legacy and future of Christian parenting concluding that the Protestant heritage encourages the importance of intentional devotional practices the development of close parent child bonds and the creation of godly household environments In the end he argues that all of these historical values are critical to the full expression of Christian parental love This is a love that teaches because it wants to help children understand true goodness that admonishes and restrains because it wants to protect children from whatever keeps them from true pleasure and joy that fosters strong relationships so children might experience the lavishness of God s love that models Christlike sacrifice and guides children into the arms of their Creator *Reality Check: A Theological Perspective of the African-American Family* ,
