Gouverner Par Les Finances Publiques:

Gouverner (par) les finances publiques Philippe Bezes, 2011-08-18T00:00:00+02:00 Les finances publiques sont au cœur des débats et du fonctionnement des sociétés démocratiques. Pourtant elles sont peu analysées en termes de pouvoir de conflits d'acteurs de choix politiques de contraintes ou de ressources pour l'action publique de relations entre gouvernants et citoyens travers douze contributions couvrant des domaines variés : justice, santé, recherche, immigration, pouvoirs locaux, logement, etc. Cet ouvrage renouvelle l'analyse des finances publiques. Il clarifie les transformations actuelles de l'état et de l'action publique marquées par les déficits, les formes fiscales, les politiques de rigueur et les questions de redistribution. Quelles stratégies politiques se cachent derrière les enjeux de financement ? Quels affrontements prévalent aux formes fiscales ? Comment les politiques publiques sont-elles influencées par leurs financements ? Quelles sont les stratégies d'adaptation à la contrainte budgétaire ? Ce livre novateur s'adresse tous ceux qui veulent découvrir combien les finances publiques sont vivantes et incarnées et combien l'art de les gouverner est plein d'enjeux économiques, politiques et sociaux. **The**

Non-Religious and the State Jeffrey Tyssens, Niels De Nutte, Stefan Schröder, 2024-06-25 *The Politics of Fiscal Welfare* Nathalie Morel, 2025-01-13 Fiscal welfare or social tax expenditures is a policy instrument associated with Liberal welfare states that has been on the rise across many European welfare states. This book sheds light on the use and effects of fiscal welfare in France and Sweden. Focusing on the introduction of a 50% tax deduction on domiciliary care and household services, it explores the politics behind this scheme, its effects on care provision as well as on labour market dualisation, highlighting how fiscal welfare contributes to structuring both a social division of welfare and a social division of labour. This ground-breaking book opens a new field of research by exploring fiscal welfare, the political uses of this policy instrument, the patterns of inequalities it gives rise to and its policy feedback effects. **Public Finance Law and Public Administrations**

Elisa D'Alterio, 2025-08-19 The book examines how the growth of public finance law within the European Union has both influenced and continued to impact the structure of national level public administration in EU Member States. It assesses whether this regulatory influence has improved public administration or conversely negatively impacted civil society. Illustrating how global crises have shaped the formulation of financial regulations in the EU, the book discusses how enforcement of these regulations has influenced various aspects of public administration in EU Member States. The book evaluates not only the consequences stemming from the application of these rules but also those arising from changes within the EU system that ripple down to the national level. Consequently, the book delves into the effects of public finance law on both static elements such as public activities, organization and civil service and the relationships between public administrations, politics in a broad sense and civil society. The book will be of interest to students, scholars and stakeholders with an interest in the field of public administrative law, banking and finance law and public law more generally. Deficits and Debt in Industrialized Democracies Eisaku Ide, Gene Park, 2015-03-24 Since the global financial crisis, government debt

has soared globally by 40 percent and now exceeds an astonishing 100 trillion. Not all countries though have fared the same. Indeed even prior to the financial crisis the fiscal fates of countries have been diverging despite predictions that pressures from economic globalization push countries toward more convergent fiscally conservative policies. Featuring the work of an international interdisciplinary team of scholars, this volume explains patterns of fiscal performance, persistent patterns of budget deficits and government debt from the 1970s to the present across seven countries: France, Italy, Germany, Japan, South Korea, Sweden, and the United States. Employing a comparative case study approach seldom employed in studies of fiscal performance, contributions illuminate the complex causal factors often overlooked by quantitative studies and advance our theoretical understanding of fiscal performance. Among other things, the cases highlight the role of taxpayer consent, tax structure, the welfare state, organization of interests and labor, and financial markets in shaping fiscal outcomes. A necessary resource to understand a broader array of factors that shape fiscal outcomes in specific national contexts, this book will reinvigorate the study of fiscal performance.

Démocratie(s), Parlementarismes(s) et légitimité(s) / Democracy(ies), Parliamentarism(s) and legitimacy(ies) Nadim Fahrat, Philippe Poirier, 2019-07-03. Cet ouvrage réunit des chercheurs issus des principaux centres, chaires et réseaux de recherche en études législatives d'Amérique du Nord, d'Europe et du Maghreb. Leurs contributions en anglais et en français visent à comprendre les différentes transformations de la démocratie représentative dans un système concurrentiel des formes démocratiques participative, libérale, etc. et de nouvelles hiérarchisations législatives, l'europanisation, le fédéralisme et le parlementarisme rationalisé. Il s'agit en premier lieu d'analyser les débats et la fabrication contemporaine de la loi, c'est-à-dire comment ils travaillent dans les commissions, utilisent de leurs pouvoirs d'interpellation et quels sont leurs rapports aux groupes parlementaires. Il s'agit en second lieu d'évaluer la nature et les modalités du contrôle parlementaire, notamment en s'intéressant aux ressources administratives, leurs dispositions et leurs pouvoirs dans le domaine budgétaire. Il s'agit enfin de comprendre en quoi la composition du corps électoral et la construction de l'opinion politique, le fonctionnement des partis politiques et des groupes parlementaires, le contexte institutionnel fédéral et ou post autoritaire déterminent ou non le degré d'autonomie et d'efficacité parlementaire.

French Politics and Society Alistair Cole, 2017-04-21. French Politics and Society is the ideal companion for all students of France and French politics with a strong reputation for its lucidity and lively exposition of the French polity. This third edition remains a highly readable text and offers a broad critical and comprehensive understanding of French politics. The book provides an excellent description of French institutions and ensures readers access to background information through discussing historical developments, political forces, public policy and the evolution of important aspects of French society. Key updates for the third edition include extensive updates including the Chirac, Sarkozy and Hollande presidencies, inclusion of constitutional and state reform coverage since 2008, the French party system and evolution of the French left and right, more on France's positioning with regards to Brussels and the impact of the European economic crisis.
