**Generation Jobless?** P. Vogel, 2015-03-05 Offering guidance on the opportunities and threats for future generations and featuring interviews with business leaders this book provides a constructive look at change It directs the youth to become job creators not job seekers and to approach the corporate and political worlds with an entrepreneurial mind set **The True Value of CSR** B. Fryzel, 2014-12-22 By considering the importance of Corporate Social Responsibility CSR as a business paradigm but also as a growing scepticism about its outcomes The True Value of CSR answers questions about true value behind this concept motivations of firms embedding CSR in their core strategies and a capacity of CSR to make a real difference on the market **BRICS: building education for the future; priorities for national development and international cooperation** Leclercq, François, 2014-09-22 *The Health Gap* Michael Marmot, 2015-09-10 Punchily written He leaves the reader with a sense of the gross injustice of a world where health outcomes are so unevenly distributed Times Literary Supplement Splendid and necessary Henry Marsh author of Do No Harm New Statesman There are dramatic differences in health between countries and within countries But this is not a simple matter of rich and poor A poor man in Glasgow is rich compared to the average Indian but the Glaswegian's life expectancy is 8 years shorter The Indian is dying of infectious disease linked to his poverty the Glaswegian of violent death suicide heart disease linked to a rich country's version of disadvantage In all countries people at relative social disadvantage suffer health disadvantage dramatically so Within countries the higher the social status of individuals the better is their health These health inequalities defy usual explanations Conventional approaches to improving health have emphasised access to technical solutions improved medical care sanitation and control of disease vectors or behaviours smoking drinking obesity linked to diabetes heart disease and cancer These approaches only go so far Creating the conditions for people to lead flourishing lives and thus empowering individuals and communities is key to reduction of health inequalities In addition to the scale of material success your position in the social hierarchy also directly affects your health the higher you are on the social scale the longer you will live and the better your health will be As people change rank so their health risk changes What makes these health inequalities unjust is that evidence from round the world shows we know what to do to make them smaller This new evidence is compelling It has the potential to change radically the way we think about health and indeed society **Women's Lives around the World** Susan M. Shaw, Nancy Staton Barbour, Patti Duncan Ph.D., Kryn Freehling-Burton Ph.D., Jane Nichols, 2018-01-04 Providing an in depth look at the lives of women and girls in approximately 150 countries this multivolume reference set offers readers transnational and postcolonial analysis of the many issues that are critical to the success of women and girls For millennia women around the world have shouldered the responsibility of caring for their families But in recent decades women have emerged as a major part of the global workforce balancing careers and family life How did this change happen And how are societies in developing countries responding and adapting to women's newer roles

in society This four volume encyclopedia examines the lives of women around the world with coverage that includes the education of girls and teens the key roles women play in their families careers religions and cultures how issues for women intersect with colonialism transnationalism feminism and established norms of power and control Organized geographically each volume presents detailed entries about the lives of women in particular countries Additionally each volume offers sidebars that spotlight topics related to women and girls in specific regions or focus on individual women s lives and contributions Primary source documents include sections of countries constitutions that are relevant to women and girls United Nations resolutions and national resolutions regarding women and girls and religious statements and proclamations about women and girls The organization of the set enables readers to take an in depth look at individual countries as well as to make comparisons across countries **The World Factbook 2014- 15** United States. **Growth, Employment, and Poverty in Latin America** Guillermo Cruces,Gary S. Fields,David Jaume,Mariana Viollaz,2017-05-12 This is an open access title available under the terms of a CC BY NC SA 3 0 IGO licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations This book examines the links between economic growth changing employment conditions and the reduction of poverty in Latin America in the 2000s Our analysis answers the following broad questions Has economic growth resulted in gains in standards of living and reductions in poverty via improved labour market conditions in Latin America in the 2000s and have these improvements halted or been reversed since the international crisis of 2008 How do the rate and character of economic growth changes in the various employment and earnings indicators and changes in poverty and inequality indicators relate to each other Our contribution is an in depth study of the multi pronged growth employment poverty nexus based on a large number of labour market indicators twelve employment and earnings indicators and four poverty and inequality indicators for a large number of Latin American countries sixteen of them The book presents a positive and hopeful set of findings for the period 2000 to 2012 13 Economic growth took place and brought about improvements in almost all labour market indicators and consequent reductions in poverty rates But not all improvements were equal in size or caused by the same things Some macroeconomic factors were associated with changes in

labour market conditions some of them always in the welfare improving direction and some others always in the welfare reducing direction Most countries in the region suffered a deterioration in at least some labour market indicators as a consequence of the international crisis of 2008 but the negative effects were reversed very quickly in most countries
