Bridging the Education Divide Using Social Technologies Somprakash Bandyopadhyay, Arina Bardhan, Priyadarshini Dey, Sneha Bhattacharyya, 2021-02-06 This book explains the concept of education divide in rural India and identifies various factors that

shape and sustain such a divide In doing so it also discusses a range of attempts undertaken to bridge the education divide Subsequently the book has attempted in providing a socio technical framework towards optimally deploying social technologies for addressing the issue of education divide of marginalized communities The proposed framework offers a transition from traditional content centric teacher centric and centralized education ecosystem to a connection centric learner centric and decentralized education ecosystem of the socio digital age It demonstrates how Internet enabled digital platforms based on the principles of sharism and mass collaboration using social technologies could help to solve one of the greatest problems facing the world mitigating the extant education divide by delivering quality education to underprivileged sections of society The book also presents empirical validation of the proposed framework to show how a community driven blended learning platform can mobilize the dormant knowledge capital of domain experts to teach underprivileged rural Indian children as well as help form communities of practice to enable lifelong learning for the rural adult population The book closes by pointing out the challenges involved in building an equitable education ecosystem using social technologies and ultimately the possibility of creating a fair and equitable society Given its scope the book offers a valuable resource for researchers policymakers and practitioners in the domain of education who want to transform education ecosystems by using technological and process related innovations to improve educational practices for underprivileged sections of society

Memory and the English Reformation Alexandra Walsham, Bronwyn Wallace, Ceri Law, Brian Cummings, 2020-11-12 The dramatic religious revolutions of the sixteenth and seventeenth centuries involved a battle over social memory On one side the Reformation repudiated key aspects of medieval commemorative culture on the other traditional religion claimed that Protestantism was a religion without memory This volume shows how religious memory was sometimes attacked and extinguished while at other times rehabilitated in a modified guise It investigates how new modes of memorialisation were embodied in texts material objects images physical buildings rituals and bodily gestures Attentive to the roles played by denial amnesia and fabrication it also considers the retrospective processes by which the English Reformation became identified as an historic event Examining dissident as well as official versions of this story this richly illustrated interdisciplinary collection traces how memory of the religious revolution evolved in the two centuries following the Henrician schism and how the Reformation embedded itself in the early modern cultural imagination *More Books* Boston Public Library, 1928 History+ for Edexcel A Level: Religion and the state in early modern Europe Robin Bunce, Sarah Ward, Christine Knaack, 2015-09-04 Exam Board Edexcel Level AS A level Subject History First Teaching September 2015 First Exam June 2016 Endorsed for Edexcel Enable your students to develop high level skills in their Edexcel A level History breadth and depth studies through expert narrative and extended reading including bespoke essays from leading academics Build a strong understanding of the period studied with authoritative well researched content written in an accessible and engaging style Ensure continual improvement in students essay writing interpretation and source analysis skills using

How the English Reformation was Named Benjamin M. Guyer, 2022-06-23 How the English Reformation was Named analyses the shifting semantics of reformation in England between the fifteenth and seventeenth centuries Originally denoting the intended aim of church councils reformation was subsequently redefined to denote violent revolt and ultimately a series of past episodes in religious history But despite referring to sixteenth century religious change the proper noun English Reformation entered the historical lexicon only during the British civil wars of the 1640s Anglican apologists coined this term to defend the Church of England against proponents of the Scottish Reformation an event that contemporaries singled out for its violence and illegality Using their neologism to denote select events from the mid Tudor era Anglicans crafted a historical narrative that enabled them to present a pristine vision of the English past one that endeavoured to preserve amidst civil war regicide and political oppression With the restoration of the monarchy and the Church of England in 1660 apologetic narrative became historiographical habit and eventually historical certainty
