they might stop chasing you but they might actually actively dislike you Men who dislike you still keep chasing you but more from a position of I ll bang her just to show her than disappear Some other high quality men are just too busy to chase and they prefer focusing on women who are into them and women who play fewer games Also this technique works best when men outnumber women in quality and or quantity But that is not the case in the West these days Keywords Psychology Modern Books History Relationship Religion How To Scarry Horror Books Short Stories Free Costs Inspiring Motivational Quotations Free online Books
