exactly what they're paying for when their car goes to the shop **Mercenaries, Gunslingers, and Outlaws** Robert M. Kurtz, 2005-05-31 Recounts 2 years of a security contractor's profound experiences in Iraq blending gripping vignettes of firefights, cultural encounters, and the human cost of conflict. A candid and multifaceted look at life as a security contractor in Iraq in the early years after the American invasion. It's not just a story of surviving IEDs and firefights while protecting American contractors; though those moments are vividly recounted, it's also an exploration of the broader, often unexpected experiences that defined the author's two and a half years in Iraq. Structured as a series of concise, self-contained chapters, the book captures a wide range of events and encounters: high-speed crashes, tense standoffs with Iraqi security forces, the ever-present uncertainty of knowing who to trust, and the toll of living in a warzone but outside the protection of the military on contractors, clients, and locals alike. The focus isn't just on action but also on the everyday challenges and the strategies necessary to stay safe in such a dangerous and unpredictable environment. The book introduces the diverse people the author met through his work: from former Green Berets, British Royal Marines, and South African commandos through to Gurkhas, a former member of the French Foreign Legion, and even a Buddhist monk. There are stories of heroic, larger-than-life figures and of outlaws who came to Iraq because they didn't fit in anywhere else and ended up not fitting in there either. It also delves into the lives of Iraqi civilians who offered glimpses of kindness and humanity amid the chaos. These stories provide readers with a nuanced and personal perspective on a challenging and complex chapter of modern conflict. Automotive Repair Industry United States. Congress. Senate.
