BEST BEGINNINGS FOR YOUR BABY AND YOU Sarah Woodhouse,2019-11-19 Best Beginnings for your Baby and You provides a bridge of understanding and trust between expectant and new parents and all perinatal professionals who care for them during what can be a very exciting but a difficult and demanding time During the earliest years the traits of kindness playfulness sensitivity generosity compassion goodness and trust are built indelibly into your child s life forever This book draws from outstanding initiatives worldwide to heal and protect children from early harmful influences and experiences It is also designed to help parents everywhere to feel less alone and to encourage them to share with other parents what they have learnt Accompanied by pictures shared stories and experiences to remind us that we are all in this together doing our best to be the best parents that we can be *How to Conceive Healthy Babies* Nim Barnes,2016-11-14 So you want to have a baby This book is a guide for those who wish to have healthy pregnancies and healthy children Each chapter is devoted to an aspect of the environment that can be problematic why it could be damaging why it reduces fertility and above all what to do about it The authoritative work of co authors is included and Nim also explains her own take on things the point of view of the ordinary woman and mother For the past 30 years Nim Barnes has been running Foresight the charity she founded to help parents In a practical chatty accessible style this wonderful book conveys her enthusiasm passion and experience Whilst soundly based on nutrition the book explores other areas like hidden infection and electromagnetic pollution It is Nim s fervent wish that all adults have this knowledge and know how to check their nutritional status and correct it before conception Holistic Anatomy Pip Waller,2012-05-29 An engaging and accessible exploration of human anatomy physiology and pathology through a holistic lens Complementary and alternative approaches to health and medicine have become increasingly widespread as the limits of conventional treatments become more apparent Holistic Anatomy presents an authoritative study of anatomy physiology and pathology but it expands the discussion by connecting the science of the body to a variety of alternative modalities to explore how human beings exist within and interact with their environment and how they experience existence in emotional and spiritual terms Author and massage therapist Pip Waller interweaves basic scientific terminology and detailed descriptions with informal and sometimes humorous observations facts and ideas about life The mechanisms structure and functions of the body are explored along with how they relate to spiritual and energetic paradigms emotions and ecological principles The first half of the book covers basic anatomy and physiology describing each major system of the body and how they interrelate This part includes a thoughtful discussion of aging and the dying process The second half focuses on models of health and disease both traditional and holistic Topics include western pathology emotional health five element medicine and the spiritual cause for disease *Breakthrough Babies* Simon Fishel,2019-03-14 An account from the frontline of fertility treatment giving a unique insight into not only the medical and scientific advances involved but the human cost and rewards behind this life changing technology Simon Fishel worked with Robert Edwards

during his pioneering early IVF research and was part of the team in the world's first IVF clinic with all the trials and tribulations that involved at the time including a writ for murder. As the science developed over the decades so did his career as he sought to do more for patients and taught the new technologies to doctors all over the world. He came up against regulatory and establishment barriers including fighting a 3 year legal case in the High Court of Justice and a death threat from a doctor if he refused to work with him. The clinic he founded has grown into the largest IVF group in the UK developing exciting new procedures and he has helped establish clinics throughout the world even being invited to introduce IVF to China.

Becoming Someone New Enoch Lambert, John Schwenkler, 2020. How should we decide whether to experience something that is unlike anything we have ever encountered? Philosophers have recently argued that we are in situations of this kind for more of our decisions than we usually recognize. This volume brings together philosophers and psychologists to investigate the phenomenon of transformative experience.

A Child of One's Own Rachel Bowlby, 2013-06-27. Among the elementary human stories parenthood has tended to go without saying. Compared to the spectacular attachments of romantic love it is only the predictable sequel. Compared to the passions of childhood it is just a background. But in recent decades far reaching changes in typical family forms and in procreative possibilities through reproductive technologies have brought out new questions. Why do people want or not want to be parents? How has the choice first enabled by contraception changed the meaning of parenthood? Looking not only at new parental parts but at older parental stories in novels and other works this fascinating book offers fresh angles and arguments for thinking about parenthood today.
