

2018 TRAINING INDUSTRY REPORT

ABOUT THIS STUDY

Now in its 37th year, The Industry Report is recognized as the training industry's most trusted source of data on budgets, staffing, and programs. This year, the study was conducted by an outside research firm May-July 2018, when members from the Training magazine database were e-mailed an invitation to participate in an online survey. Only U.S.-based corporations and educational institutions with 100 or more employees were included in the analysis.

The data represents a cross-section of industries and company sizes.

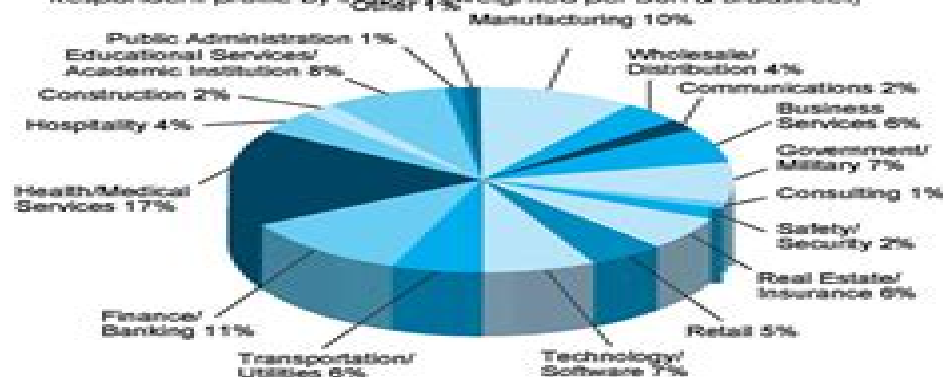

SURVEY RESPONDENTS

Small companies (100-999 employees)	36%
Midsize (1,000-9,999 employees)	41%
Large (10,000 or more employees)	23%
Total respondents	271

Note that the figures in this report are weighted by company size and industry according to a Dun & Bradstreet database available through Hoovers of U.S. companies. Since small companies dominate the U.S. market, in terms of sheer numbers, these organizations receive a heavier weighting, so that the data accurately reflects the U.S. market.
