Broader, Bolder, Better Elaine Weiss, Paul Reville, 2021-02-23 In *Broader Bolder Better* authors Elaine Weiss of the Broader Bolder Approach to Education campaign and Paul Reville former Massachusetts secretary of education make a compelling case for a fundamental change in the way we view education. The authors argue for a large scale expansion of community school partnerships in order to provide holistic integrated student supports ISS from cradle to career including traditional wraparound services like health mental health nutrition and family supports as well as expanded access to opportunities such as early childhood education afterschool activities and summer enrichment programs. The book builds on nearly a decade of research by the Broader Bolder Approach to Education a national initiative endorsed by more than sixty policy experts and leaders from across the country and draws on the work of Harvard's Education Redesign Lab. It pulls from case studies of effective ISS efforts in twelve diverse communities to illustrate the variety of strategies that can be adopted locally. A call to action that also provides examples of communities that are successfully leveling the playing field for poor children this book offers a detailed vision for building through field work mobilization and financing comprehensive systems to prepare all children for success.
