The U S Master Depreciation Guide includes several useful quick reference tables. These include a list of trucks, SUVs and vans that are exempt from the luxury car caps because they weigh more than 6 000 pounds, trucks with a bed length under six feet which are subject to a 25 000 section 179 depreciation cap, a list of states that conform to the federal bonus depreciation and section 179 expensing rules and a comprehensive table of assets and corresponding recovery periods with cross references to the location of the related U S Master Depreciation Guide explanation. Published annually, this new edition is completely updated to reflect all depreciation rule changes through press time in December. A special Highlights section provides a quick overview of any new legislation, cases, rulings and regulations occurring since last year's edition with cross references to the explanation paragraph in which they are reflected.
