Ochoa, Jesús Favela, 2022-11-20 This book reports a set of novel research initiatives on ambient intelligence and ubiquitous
computing that help researchers and practitioners identify recent advances as well as the frontiers in these study domains
During the last two decades both study areas have gained great interest in industry and academia due to the benefits of
using smart solutions in various application domains such as health care ambient assisted living personal security and
privacy citizen participation provision of urban services and precision agriculture and farming The articles included in this
book report solutions and provide empirical results on their suitability to address problems and opportunities in these
application domains The articles also include discussions on how the proposals and their evaluation results inform the design
of the next generation of ubiquitous and smart systems Researchers practitioners and graduate students take advantage of
this knowledge to address innovation and engineering aspects of smart and ubiquitous solutions for the next decade
Chasing Her Shadow Vlad Birsan, 2025-03-21 Chasing Her Shadow was born one night from a thought that bothered me
It was way past midnight and I had other things to do I was at work in the middle of the night shift and my mind was
somewhere else I was struck by the idea of a small or big event that could shift our perception about time and how this could
lead to significant changes into someone's life The next morning instead of going to sleep as I should have done I lit up a
cigarette and started typing and I didn't finish until the first chapter was done This book is divided into two parts In the first
part I'm telling you the story of Colt who faces a big event that makes him lose his perception about time Something happens
with him and that something nearly costs him his life You'll have to find out what Then in the second part you'll find out the
aftermath of the event from the first part The book is also about love adventure friendship and trust And the most important
thing living life guided by one single phrase Le vent nous portera **Autocar** ,2004 **Product Lightweighting** ,2007
