Four Screenplays Studies In The American Screenplay:

Four Screenplays Syd Field, 2009-09-30 Yes you can write a great screenplay Let Syd Field show you how I based Like Water for Chocolate on what I learned in Syd s books Before I always felt structure imprisoned me but what I learned was structure really freed me to focus on the story Laura Esquivel Technology is transforming the art and craft of screenwriting How does the writer find new ways to tell a story with pictures to create a truly outstanding film Syd Field shows what works why and how in four extraordinary films Thelma Louise Terminator 2 Judgement Day The Silence of the Lambs and Dances with Wolves Learn how Callie Khouri in her first movie script Thelma Louise rewrote the rules for good road movies and played against type to create a new American classic James Cameron writer director of Terminator 2 Judgement Day created a sequel integrating spectacular special effects and a story line that transformed the Terminator the quintessential killing machine into a sympathetic character This is how an action film is written Ted Tally adapted Thomas Harris s chilling 350 page novel The Silence of the Lambs into a riveting 120 page script a lesson in the art and craft of adapting novels into film Michael Blake author of Dances with Wolves achieved every writer s dream as he translated his novel into an uncompromising film Learn how he used transformation as a spiritual dynamic in this work of mythic sweep Informative and utterly engrossing Four Screenplays belongs in every writer s library next to Syn Field s highly acclaimed companion volumes Screenplay The Screenwriter s Workbook and Selling a Screenplay If I were writing screenplays I would carry Syd Field around in my back pocket wherever I went Steven Bochco writer producer director L A Law Hill Street Blues Four Screenplays: Studies in American Screenplay Syd Field, 1994 **Script Culture and the American Screenplay** Kevin Alexander Boon, 2008-01-10 By considering the screenplay as a literary object worthy of critical inquiry this volume breaks new ground in film studies Though the history of the screenplay is as long and rich as the history of film itself critics and scholars have neglected it as a topic of serious research Script Culture and the American Screenplay treats the screenplay as a literary work in its own right presenting analyses of screenplays from a variety of frameworks including feminism Marxism structuralism philosophy and psychology In distancing the text of screenplays from the on screen performance typically associated with them Kevin Alexander Boon expands the scope of film studies into exciting new territory with this volume Script Culture and the American Screenplay is divided into two parts Part 1 provides a general background for screenplay studies tracing the evolution of the screenplay from the early shot lists and continuities of George M li s and Thomas Harper Ince to the more detailed narratives of contemporary works Part 2 offers specific primarily thematic critical examinations of screenplays along with discussions of the original screenplay and the screenplay adaptation In all Boon explains that screenplay criticism distinguishes itself from traditional film studies in three major ways The primary focus of screenplay criticism is on the screenplay rather than the film the focus of screenplay studies is on the screenwriter rather than the director and screenplay criticism like literary criticism is written to illuminate a reader s understanding of the text Boon

demonstrates that whether we are concerned with aesthetics and identifying rules for distinguishing the literary from the non literary or whether we align ourselves with more contemporary theories which recognize texts as distinguishable in their inter relationships and marked difference screenplays constitute a rich cache of works worthy of critical examination Film scholars as well as students of film creative writing and literary studies will appreciate this singular volume
