and Craig show how stories offer alternative points of view create and cohere collective identities function as narrative models and play a crucial role in anticipation They explore these four functions in areas of public reasoning where decisions are strongly influenced by contentious knowledge and powerful imaginings climate change artificial intelligence the economy and nuclear weapons and power Vivid performative readings of stories from *The Ballad of Tam Lin* to *The Terminator* demonstrate the insights that storylistening can bring and the ways it might be practised The book provokes a reimagining of what a public humanities might look like and shows how the structures and practices of public reasoning can evolve to better incorporate narrative evidence Storylistening aims to create the conditions in which the important task of listening to stories is possible expected and becomes endemic Taking the reader through complex ideas from different disciplines in ways that do not require any prior knowledge this book is an essential read for policymakers political scientists students of literary studies and anyone interested in the public humanities and the value importance and operation of narratives [Games and Bereavement](#) Sabine Harrer, 2019-04-10 How can videogames portray love and loss *Games and Bereavement* answers this question by looking at five videogames and carrying out a participatory design study with grieverers Sabine Harrer highlights possible connections between grief and videogames arguing that game design may help make difficult personal feelings tangible After a brief literary review of grief concepts and videogame theory the book deep dives into examples of tragic inter character relationships from videogame history Building on these examples the book presents a case study on pregnancy loss as a potential grief experience that can be validated through game design dialogue **Thinking Queerly** Jes Battis, 2021-06-08 Why do we love wizards Where do these magical figures come from *Thinking Queerly* traces the wizard from medieval Arthurian literature to contemporary YA adaptations By exploring the link between Merlin and Harry Potter or Morgan le Fay and Sabrina readers will see how the wizard offers spaces of hope and transformation for young readers In particular this book examines how wizards think differently and how this difference can resonate with both LGBTQ and neurodivergent readers who've been told they don't fit in *Full Circle Magazine #81* Ronnie Tucker, 2014-01-31 This month Command Conquer How To Python LibreOffice and Improve Security with Lynis Graphics JPG PDF and Inkscape Review LXLE Linux Book Review Super Scratch Updated Edition NEW Security Q A plus Linux Labs Ask The New Guy My Story Ubuntu Games and soooo much more **Humanity in a Black Mirror** Jacob Blevins, Zahi Zalloua, 2023-01-03 The presentation of technology as a response to human want or need is a defining aspect of *Black Mirror* a series that centers the transhumanist conviction that ontological deficiency is a solvable problem The articles in this collection continue *Black Mirror*'s examination of the transhuman need for plenitude addressing the convergence of fantasy the posthuman and the dramatization of fear The contributors contend that *Black Mirror* reveals both the cracks of the posthuman self and the formation of anxiety within fantasy's empty yet necessary economy of desire The strength of the series lies in its ability to disrupt the visibility of technology no longer portraying it as a naturalized unseen background affecting our very being at the

ontological level without many of us realizing it This volume of essays argues that this negative lesson is Black Mirror's most successful approach It examines how Black Mirror demonstrates the Janus like structure of fantasy as well as how it teaches unteaches and reteaches us about desire in a technological world *Women in Game of Thrones* Valerie Estelle Frankel, 2014-04-28 Game of Thrones one of the hottest series on television leaves hundreds of critics divided on how feminist the show really is Certainly the female characters strong and weak embody a variety of archetypes widow queens warrior women damsels in distress career women priestesses crones mothers and maidens However the problem is that most of them play a single role without nuance even the strong women have little to do besides strut about as one note characters This book analyzes the women and their portrayals one by one along with their historical inspirations Accompanying issues in television studies also appear from the male gaze to depiction of race How these characters are treated in the series and how they treat themselves becomes central as many strip for the pleasure of men or are sacrificed as pawns Some nude scenes or moments of male violence are fetishized and filmed to tantalize while others show the women's trauma and attempt to identify with the scene's female perspective The key is whether the characters break out of their traditional roles and become multidimensional *Interaction Design for 3D User Interfaces* Francisco R. Ortega, Fatemeh Abyarjoo, Armando Barreto, Naphtali Rishe, Malek Adjouadi, 2016-01-06 This book addresses the new interaction modalities that are becoming possible with new devices by looking at user interfaces from an input perspective It deals with modern input devices and user interaction and design covering in depth theory advanced topics for noise reduction using Kalman Filters a case study and multiple chapters showing hands on approaches to relevant technology including modern devices such as the Leap Motion Xbox One Kinect inertial measurement units and multi touch technology It also discusses theories behind interaction and navigation past and current techniques and practical topics about input devices *Adoring Outlander* Valerie Estelle Frankel, 2016-02-17 What is behind Outlander fever the hit television drama's popularity Is it author Diana Gabaldon's teasing posts on social media Is it the real history reimagined The highly emotional melodrama Or is it the take charge heroine and the sweet hero in a kilt One of the show's biggest draws is its multigenre appeal Gabaldon whose Outlander novels form the basis of the series has called it science fiction fantasy romance historical fiction and military fiction depending on her audience This collection of new essays explores the series as a romance a ghost story an epic journey a cozy mystery a comedy of manners a gothic thriller and a feminist answer to Game of Thrones and considers the source of its broad appeal *Writing for Games* Hannah Nicklin, 2022-05-23 Focussing on the independent videogames sector this book provides readers with a vocabulary to articulate and build their games writing practice whether studying games or coming to games from another storytelling discipline Writing for Games offers resources for communication collaboration reflection and advocacy inviting the reader to situate their practice in a centuries long heritage of storytelling as well as considering the material affordances of videogames and the practical realities of working in game development processes Structured into

three parts Theory considers the craft of both games and writing from a theoretical perspective covering vocabulary for both game and story practices Case Studies uses three case studies to explore the theory explored in Part 1 The Practical Workbook offers a series of provocations tools and exercises that give the reader the means to refine and develop their writing not just for now but as a part of a life long practice Writing for Games Theory and Practice is an approachable and entry level text for anyone interested in the craft of writing for videogames Hannah Nicklin is an award winning narrative and game designer writer and academic who has been practising for nearly 15 years She works hard to create playful experiences that see people and make people feel seen and also argues for making games a more radical space through mentoring advocacy and redefining process Trained as a playwright Nicklin moved into interactive practices early on in her career and is now the CEO and studio lead at Danish indie studio Die Gute Fabrik which most recently launched Mutazione in 2019
