Gotham Central in the Line of Duty Greg Rucka, 2004-01 **DC Essentials Graphic Novels Catalog 2021** Various, 2021-02-16 *Batman and Ethics* Mark D. White, 2019-02-26 Batman has been one of the world's most beloved superheroes since his first appearance in Detective Comics 27 in 1939 Clad in his dark cowl and cape he has captured the imagination of millions with his single minded mission to create a better world for the people of Gotham City by fighting crime making use of expert detective skills high tech crime fighting gadgets and an extensive network of sidekicks and partners But why has this self made hero enjoyed such enduring popularity And why are his choices so often the subject of intense debate among his fans and philosophers alike Batman and Ethics goes behind the mask to shed new light on the complexities and contradictions of the Dark Knight's moral code From the logic behind his aversion to killing to the moral status of vigilantism and his use of torture in pursuit of justice or perhaps revenge Batman's ethical precepts are compelling but often inconsistent and controversial Philosopher and pop culture expert Mark D White uses the tools of moral philosophy

to track Batman's most striking ethical dilemmas and decisions across his most prominent storylines from the early 1970s through the launch of the New 52 and suggests how understanding the mercurial moral character of the caped crusader might help us reconcile our own. A thought provoking and entertaining journey through four decades of Batman's struggles and triumphs in time for the franchise's 80th anniversary *Batman and Ethics* is a perfect gateway into the complex questions of moral philosophy through a focused character study of this most famous of fictional superheroes *Batman and the Shadows of Modernity* Rafael Carrión-Arias, 2024-07-19 This book aims to study the Batman narrative or Bat narrative from the point of view of its nodal relationship to modern narrative To this end it offers for the first time a new type of methodology adequate to the object which delves both into materials scarcely studied in this context and well known materials seen in a new light This is a multidisciplinary work aimed at both the specialist and the global reader bringing together comic studies philosophical criticism and literary criticism in a debate on the fate of our current global civilization
