

Govern Nursing Training 2016 Pta

Nick Heath-Brown

Govern Nursing Training 2016 Pta:

Autism Mary Clasquin-Johnson, Dikeledi Mahlo, Michel Clasquin-Johnson, 2023-02-10 This book is written at a time of a paradigm shift in the African continent where dependence on western epistemologies and ontologies are giving way to African indigenous knowledge systems Africa has been an importer of knowledge from the west since time immemorial and this book contributes to the body of knowledge on autism spectrum disorder ASD from the African perspective As a result decoloniality and Inclusive Education have gained traction within the academic discourse with University of South Africa UNISA hosting decoloniality annual conference and a summer school to stimulate academic discussions and debates with a focus on African indigenous knowledge systems and theoretical lenses as opposed to the western epistemologies The book also demystifies some of the misconceptions that children with ASD are a curse and punishment from God or gods Among others Ubuntu seems to be the dominant theoretical framework underpinning some of the research studies reported in this book

Recalibrating teacher training in African higher education institutions Sifiso Sibanda, Gideon (Deon) P. van Tonder, Washington T. Dudu, 2023-03-01 This book critically examines the role of governments in promoting parity during and in post pandemic education This comes from the realisation that the pandemic has deepened the crisis by depleting the meagre resources that African countries might have devoted to normative educational practices where those on the margins would have been pushed further behind while the privileged would have been further initiated into the cultural and capital flows of private schools and historically research intensive institutions of higher learning This has far reaching implications for the education of underprivileged citizens and education particularly modes and modalities of delivery has to be reimagined to subvert the challenges wrought by the pandemic This book significantly bridges the gap between the pre and post COVID 19 pandemic pedagogical practices and the erstwhile modalities that have been resilient over time The book focuses on ways to stave off pedagogical challenges that face countries as the global pandemic makes its mark

Early Detection and Intervention in Audiology Katijah Khoza-Shangase, Amisha Kanji, 2021-02-01 A textbook with case studies for audiologists and speech pathologists to make recommendations for early detection and intervention of hearing impairments in the South African context Early hearing detection and intervention EHDI is the gold standard for any practicing audiologist and for families of infants and children with hearing impairment EHDI programs aim to identify diagnose and provide intervention to children with hearing impairment from as early as six months old as well as those at risk for hearing impairment to ensure they develop and achieve to their potential Yet EHDI remains a significant challenge for Africa and various initiatives are in place to address this gap in transferring policy into practice within the southern African context The diversity of factors in the southern African context presents unique challenges to teaching and research in this field which has prompted this book project The South African government's heightened focus on increasing access to health care which includes ongoing Early Childhood Development ECD programs make this an opportune time for establishing and

documenting evidence based research for current undergraduate and postgraduate students

Early Detection and Intervention in Audiology An African Perspective aims to address this opportunity Grounded in an African context with detailed case studies this book provides rich content that pays careful attention to contextual relevance and contextual responsiveness to both identification and intervention in hearing impairment With diverse contributions from experts in local and international contexts but always with an African perspective this is textbook will be an invaluable resource for students researchers and practitioners

Digital inequality in a developing context Nobert R. Jere, Gardner Mwansa, Memory Ranga, Attlee M. Gamundani, Pardon B Maoneke, 2025-04-15

Digital inequality in a developing context A multifaceted approach critically explores the complex and persistent nature of the digital divide in South Africa addressing a notable gap in existing scholarship Drawing on secondary data the book examines how digital inequalities manifest across key sectors such as education healthcare and agriculture sectors vital to national development and individual well being These disparities are shaped by intersecting socio economic technical and geographical factors particularly the urban rural divide The volume underscores the importance of infrastructure development digital literacy affordability and equitable access as central to bridging the digital gap It argues that without targeted and sustained interventions in these areas digital inequality will continue to hinder socio economic progress and deepen existing structural inequalities This scholarly book offers fresh perspectives and practical insights for researchers policymakers and practitioners seeking to advance digital inclusion in developing contexts

New Models for Technical and Vocational Education and Training Makgato, Moses, Afeti, George, 2020-12-18

Technical and vocational education and training at technical schools are major contributing factors in combating poverty unemployment and inequality The primary purpose of technical and vocational education and training is to prepare students and learners for the world of work and for a smooth transition from education institutions into the workplace As the Fourth Industrial Revolution continues to create more radical changes in the labor market experts are calling for a reform of education including vocational education and training and adult and professional education

New Models for Technical and Vocational Education and Training is an essential scholarly research book that examines TVET and CET colleges and programs that provide intermediate skills to enhance students chances of employability and entrepreneurship in Industry 4.0 The book explores knowledge in respect to workforce preparation digital skills development teaching and learning of TVET flexibility and articulation of TVET to respond to work integrated learning and reskilling and upskilling to avoid skill mismatches It is ideal for TVET schools academicians curriculum designers managers training officers administrators vocational professionals researchers and students

Empowering Novice Academics for Student Success Dr Johann Hugo, 2021-04-26

This book is essential for academics that enter the field of higher education and training as it focuses on preparing teachers and trainers to respond appropriately to student success challenges Student success is a burning issue both globally and locally While student achievement is determined by a combination of factors

teachers and their teaching practices do matter Higher education teachers are expected to fulfil different roles at different times such as planning for curriculum implementation mentorship and coaching facilitating learning resource development and student assessment Against this background the primary purpose of Empowering novice academics for student success Wearing different hats is building the capacity of novice teachers and trainers to play an influential role in increasing student success throughput

The Statesman's Yearbook 2016 Nick Heath-Brown, 2017-02-07 Now in its 152nd edition The Statesman's Yearbook continues to be the reference work of choice for accurate and reliable information on every country in the world Covering political economic social and cultural aspects the Yearbook is also available online for subscribing institutions www.statesmansyearbook.com

A framework for continuous quality improvement for fast-track queues in clinics in eThekweni Dudu G. Sokhela, 2024-05-31 This book explores primary health care users who visit the clinic for short consultations those who regularly come to collect medication for chronic illnesses such as hypertension diabetes mellitus arthritis epilepsy tuberculosis HIV and AIDS clients for family planning and babies coming for routine weight monitoring immunisation and routine prophylactic treatment Since these health care users come for short consultations the research investigates where the bottlenecks in the clinic queues resulted in long waiting times and if these consultations were of expected quality This book arose from the author's own experience working in a primary health care setting focused on the challenges faced by patients This book will add to the body of knowledge and management of health care users as this book offers practical recommendations that are tailor-made for specific health care users to be implemented by primary health care providers and settings Furthermore the country is faced with a burden of communicable and non-communicable diseases New strategies are required to address the ever-changing disease pattern and the rapidly growing populations

Inclusion in Southern African Education Dipane Hlalele, Tsediso Michael Makoelle, 2023-10-18 This book reflects on more than two decades of adoption practices of inclusive education policy in Southern Africa It is aimed at taking stock of the successes challenges and achievements during this journey of making education inclusive and equitable It responds to the educational needs of learners at all levels regardless of their diverse needs such as disability gender socio-economic status race ethnicity and language background This book furthers the understanding and conceptualization of the notion of inclusion in education and explores the challenges experienced during the operationalization and implementation of the process It extends debates spawned by international and national policy mandates that sought to transcend exclusionary educational practices in order to realize inclusive societies and by implication inclusive classrooms It offers a comprehensive conceptual framework for inclusive education in the Southern African context while drawing parallels from the regional and international experience This book can be used as a reference or critical reading for scholars and researchers in the field of inclusive education It will empower practitioners administrators teachers and school leaders curriculum developers and planners as well as policy makers with knowledge about theory and practice regarding inclusive education in the Southern

African schooling system Working with indigenous knowledge Fhumulani M. Mulaudzi, Rachel T. Lebese, 2022 The aim of the book is to assist both local and international scholars in articulating the scholarly discourse on indigenous health attitudes practices and experiences The indigenous lens that was used to generate and disseminate indigenous knowledge in this book will strengthen indigenous scholarship thus making it accessible to a wider audience In addition the information shared in this book will add value for scholars and assist them with the indigenous knowledge needed to address sustainable development goals This book is timeous and topical as the discourse on the decolonisation of the curriculum is widely debated in the higher education space The discourse on the scholarship of indigenous knowledge as the tacit local knowledge that stems from cultural practices within communities has not been well articulated in the current health science education milieu Indigenous knowledge has remained overlooked and undermined for a very long time and the information remains untapped in local communities The scholars who conducted the research on which this book is based unearthed a wealth of knowledge which was tacit in nature and translated it into implicit knowledge that can be documented and shared with other scholars globally This knowledge will assist health care scholars in benefiting from knowledge practices and cultural beliefs that will assist them in health care planning teaching evidence based practice and further research *An Evaluation of the Capacity of South African Schools to offer Multi-grade Teaching* Dr Segwadi Joseph Kokela, Dr KS Malatji, 2023-08-24 Small schools due to a variety of reasons are compelled to opt for multi grade teaching in which learners of more than one grade are taught in one class Resultantly the purpose of this study was to evaluate the capacity of South African schools in the implementation of multi grade teaching The study followed a qualitative approach to evaluate the implementation of multi grade teaching A case study research design was followed with an interpretive paradigm to evaluate day to day offering of multi grade teaching The population in this study consisted of principals and teachers who were selected through purposive sampling Data were collected through focus group and face to face semi structured interviews as well as document analysis Kolb's experiential learning theory was used as a theoretical framework for this study to evaluate the offering of multi grade teaching in case study schools The thematic approach was used to analyse data To ensure issues of ethical consideration the researcher ensured that there is anonymity confidentiality informed consent voluntary participation participants privacy and safety The study found that schools in Sekhukhune South Education District could not offer multi grade teaching This was mainly based on the lack of central policies on multi grade teaching as well as inappropriate teacher development programmes Insufficient human and financial resources were also identified as key hindrances in the implementation of multi grade teaching Resultantly the study suggested that the serving teachers their SMTs and their Curriculum Advisors must be provided with in service training on multi grade teaching On the other hand teacher training universities should have a compulsory module on multi grade teaching The study also recommended the establishment of a DoBE unit that solely focuses on matters related to multi grade teaching The study further recommended that the DoBE should develop central

policies on multi grade teaching It was also recommended that the DoBE s Post Provision Model and the National Norms and Standards for School Funding must be revised to cater for the needs of multi grade schools The study further proposed a new framework to engender collaboration amongst principals parents and Curriculum Advisors in school based multi grade policy formulation advocacy training as well as monitoring and support

Centring Human Connections in the Education of Health Professionals Sherri Melrose,Caroline Park,Beth Perry,2020-10-30 Many of today s learning environments are dominated by technology or procedure driven approaches that leave learners feeling alone and disconnected The authors of Centring Human Connections in the Education of Health Professionals argue that educational processes in the health disciplines should model integrate and celebrate human connections because it is these connections that will foster the development of competent and caring health professionals Centring Human Connections in the Education of Health Professionals equips educators working in clinical classroom and online settings with a variety of teaching strategies that facilitate essential human connections Included is an overview of the educational theory that grounds the authors thinking enabling the educators who employ the strategies included in the book to assess their fit within curriculum requirements and personal teaching philosophies and understand how and why they work

Healthcare Systems Jeffrey Braithwaite, Russell Mannion, Yukihiro Matsuyama, Paul G. Shekelle, Stuart Whittaker, Samir Al-Adawi, 2018-05-11 In this book we invited 146 authors with expertise in health policy systems design management research or practice from each of the countries included to consider health reforms or systems improvements in their country or region The resulting case studies of 52 individual countries and five regional groupings cover 152 countries or territories or three quarters of the world's nations Each chapter author was asked to think 5 15 years into the future and make a prediction on how their health system could be strengthened as a result of the successful unfolding of their case study The types of projects our authors have chosen to explicate into the future are wide ranging They vary from e consultation services in Estonia achieving universal health coverage in Argentina and Mexico

reforming long term care in the Netherlands reassessing care for the aging population and the frail elderly in Australia streamlining the health system through Lean Thinking in Nigeria using regulation to improve care in South Africa developing a new accreditation model in Turkey through to a critique of physician specialization in Russia and applying IT initiatives to improve care in China Lebanon Taiwan Papua New Guinea the United Arab Emirates Venezuela and Wales Chapter writers recognized that the improvement work they were doing was part of a moving target There was general agreement that the effective use of limited resources and overcoming hurdles and constraints were crucial to enhancing health systems in order to deliver better care over the medium term While some initiatives required considerable funding many were relatively inexpensive These case studies demonstrate ways in which fruitful application of partnerships and creativity can make considerable gains in strengthening healthcare delivery systems Features The third book in a series on international health reform Involves 146 contributing authors five regional editors a series editor and a highly skilled support team to explore sustainable improvement in health systems in the future Encompasses a time horizon of the next 5 15 years Covers 152 countries or territories with 52 individual countries and an analysis of five regional groupings comprising 100 countries

Re-Envisioning and Restructuring Blended Learning for Underprivileged Communities Bosch,

Chantelle,Laubscher, Dorothy Joy,Kyei-Blankson, Lydia,2021-05-14 Challenges in the educational arena are not new phenomena However with the recent outbreak of the COVID 19 pandemic researchers and educators have been made even more aware of the need for a paradigm shift in education Blended learning as opposed to fully online learning or traditional face to face teaching has been well researched and has been found to have the potential to provide better educational solutions in challenging contexts These contexts range from pandemic situations where social distancing is the order of the day to financial and time constraints regarding full time study as well as limited physical capacity at institutions Blended learning solutions are often designed for resourceful institutions and cannot be easily implemented in developing countries and in communities where resources are limited Typical issues like connectivity accessibility lack of suitable devices and affordability need to be taken into consideration and in cognizance of blended learning interventions These challenges are often neglected in blended learning research but are critical discussions to be had Re Envisioning and Restructuring Blended Learning for Underprivileged Communities shares how institutions in the developing world and less privileged communities have re imagined and restructured blended education to enhance teaching and learning for underprivileged communities This book aims to address blended learning solutions across institutional program course and activity levels The chapters will cover a variety of learning environments from rural settings to less developed countries and more and explore the programs and courses designed to improve student success and accessibility in diverse student populations This book is ideally intended for teachers administrators teacher educators practitioners stakeholders researchers academicians and students who are interested in blended learning opportunities in less privileged settings and to underserved and marginalized

populations Introduction to Physical Therapy for Physical Therapist Assistants Olga Dreeben-Irimia, 2010-08-27

Educational Assessment in a Time of Reform Coert Loock, Vanessa Scherman, 2019-11-20 Educational Assessment in a Time of Reform provides background information on large scale examination systems more generally and the South African examination specifically It traces the reforms in the education system of South Africa since 1994 and provides a description of the advances in modern test theory that could be considered for future standard setting endeavours At the heart of the book is the debate on whether the current standard of education in Africa is good enough If not then how can it be improved The aim of this book is to provide a point of departure for discussions on standard setting quality assurance equating of examinations and assessment approaches From this point of departure recommendations for practices in general and the exit level Grade 12 examination results in particular can be made This book is ideal reading for principals teachers academics and researchers in the fields of educational assessment measurement and evaluation *School Nursing* Robin

Shannon, Catherine F.
