Aerni-Flessner,Charles Fogelman,Nthabiseng Mokoena-Mokhali,2023-11-30 Lesotho s history has long been defined by its enclave status within South Africa but it is a hard fought and hard won status that helps unite Basotho through the shared history of struggle against colonial rule in the region Since the end of apartheid in 1994 Lesotho s status as a separate entity has been called into question though the fierce national pride built through centuries of resistance to outside rule has mitigated against any serious discussions of incorporating Lesotho into South Africa Still the political instability and lack of a flourishing domestic economy have made life difficult for the majority of Basotho and could call into question the viability and legitimacy of the state in the eyes of its citizens if it cannot enact significant reforms in the coming decades Historical Dictionary of Lesotho Third Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Lesotho Linguistics and Language Behavior Abstracts ,2007-10 **A scholarly**

Pienaar,A. Klopper,S. Ellis,N.T. Petersen,J. de Beer,J. Varughese,A. Seugnet Blignaut,C. Els,2016-12-31 This publication contains original research targeting scientific specialists in the field of education through research endeavours grounded on a philosophical basis as well as being embedded in the empirical The research methodology of each chapter emanates from applicable philosophical assumptions in the form of an applicable theoretical and conceptual framework The latter forms a firm basis for the application of sound empiricism The content of this book adds to the body of scholarly knowledge in education In his evaluation of the book Acting Executive Dean Faculty of Education and Training Professor Akpovire Oduaran made the following remarks To a large extent

the ideas put together in this book have come from data generated not just from literature found in books and journals but actual interactions with educators and the learning environment So then what the reader is offered in this volume is the articulation of ideas that have been interrogated structured and presented in surprisingly simplistic and yet incisive and academically enriching content that can match the standards of scholarship that is available in the Western World Yet what makes this book so welcome relevant and timely is the fact that it is built around Afrocentric theories and practices such as one may find in imported literature

Materials for Learning Janet Jenkins, 2023-12-22 *Materials for Learning* 1981 examines the ability of books and broadcasts to change lives The combination of print radio television and group meetings distance teaching can transform education in developing countries Effective distance teaching requires effective teaching materials and up to now there has been a lack of guidance about how to produce such materials and how to do so for different cultures *Materials for Learning* aims to supply this need by suggesting guidelines for action and where evidence is mixed or lacking defining questions that still require answers It is a practical book aimed at people actively involved in nonformal education and will be particularly useful for the developing world educators The book looks first at how distance teaching can help with educational problems considers how adults learn and surveys problems of language and culture It then considers the planning of distance teaching and looks in detail at the use of different media There were also chapters on teaching numeracy and science at a distance and a discussion of the kind of support that can be provided for people studying at a distance

Pitman's Journal of Commercial Education ,1911 **African Books in Print**

,1978 Using Examinations to Improve Education Thomas Kellaghan,Vincent Greaney,1992 *The Acquisition of Swahili*
Kamil Ud Deen,2005-01-01 This monograph is the first study of the acquisition of Swahili as a first language It focuses on the acquisition of inflectional affixes with a particular emphasis on subject agreement and tense Other inflectional affixes are also investigated including object agreement and mood The study surveys the adult dialect in question Nairobi Swahili discussing social phonological morphological and syntactic properties Data analyses and copious examples are presented of the naturalistic speech of four Swahili speaking children The data are tested against six influential theories of child language and the results show that processing and metrical theories of telegraphic speech fail to account for the observed patterns while grammatical theories of child language fair significantly better The data and analyses presented in this book are indispensable for linguists and psychologists interested in the acquisition of inflectional material and other cross linguistic properties of child language
