into an excellent school But if you are poor and black or brown you have to settle for equity and a lecture about fairness About the need to be patient And about how school choice for you only damages public schools for everyone else Thousands of parents have chosen Success Academy and thousands more sit on waiting lists to get in But Moskowitz herself admits Success Academy is not for everyone and this raises uncomfortable questions we d rather not ask let alone answer What if the price of giving a first rate education to children least likely to receive it means acknowledging that you can t do it for everyone What if some problems are just too hard for schools alone to solve *Circular* United States.
