WARNING

Using the navigation system while driving can take your attention away from the road, causing a crash in which you could be seriously injured or killed.

Avoid focusing on the screen or manually operating the system controls while driving.

Certain on-screen controls are disabled when driving, however most of the voice commands continue to function. Pull to the side of the road if you need to devote more attention and time to look at the screen or access additional menus.

Route guidance may conflict with street closures, road construction, detours, and out-of-date map data.
