

# APA STYLE CHEAT SHEET

How to cite a journal article using APA style

To cite a journal article using APA style, you need to cover the following details of the source in the following sequence:

## SOME POINTS TO REMEMBER!

- Invert the authors' names, i.e., an author's last name should appear first followed by his/her initials, each of which must be followed by a period (.)
- If the source has only 2 authors, separate them using an ampersand (&) instead of "and"
- The **title of the article** must be followed by a period
- The **title of the journal or periodical** must be italicized and followed by a comma (,)
- The **issue number** must be followed by a comma and there should be no space between it and the **volume number**
- **Page numbers** must be followed by a period

## **How To Cite A Journal Article:**

Writing Your Journal Article in Twelve Weeks, Second Edition Wendy Laura Belcher, 2019-06-07 Wow No one ever told me this Wendy Laura Belcher has heard this countless times throughout her years of teaching and advising academics on how to write journal articles Scholars know they must publish but few have been told how to do so So Belcher made it her mission to demystify the writing process The result was Writing Your Journal Article in Twelve Weeks which takes this overwhelming task and breaks it into small manageable steps For the past decade this guide has been the go to source for those creating articles for peer reviewed journals It has enabled thousands to overcome their anxieties and produce the publications that are essential to succeeding in their fields With this new edition Belcher expands her advice to reach beginning scholars in even more disciplines She builds on feedback from professors and graduate students who have successfully used the workbook to complete their articles A new chapter addresses scholars who are writing from scratch This edition also includes more targeted exercises and checklists as well as the latest research on productivity and scholarly writing Writing Your Journal Article in Twelve Weeks is the only reference to combine expert guidance with a step by step workbook Each week readers learn a feature of strong articles and work on revising theirs accordingly Every day is mapped out taking the guesswork and worry out of writing There are tasks templates and reminders At the end of twelve weeks graduate students recent PhDs postdoctoral fellows adjunct instructors junior faculty and international faculty will feel confident they know that the rules of academic publishing and have the tools they need to succeed

**Publishing Journal Articles** Zheng Yan, 2020-11-05 Using over fifty real life cases and Kahneman's intuitive judgement theory this book introduces the science of journal article publication

Research Methodology for Engineers and Architects Osama Wadie Ata, 2023-08-17 This manuscript is a scientific practical and efficient guide for students in engineering and architecture programs focusing on research methods and scientific methodology The book aims to bridge the gap between traditional descriptions of research practices and actual lived research application It covers the concepts of science scientific research literature reviews experimental and descriptive research approaches and proposal writing Written by an experienced instructor the book takes a unique approach by using real examples from the Palestinian environment to demonstrate the application of research methodology It will serve as a textbook for undergraduates and an indispensable reference book for postgraduates worldwide It aims to motivate students to undertake research projects by providing them with a different more pragmatic approach to research methodology tailored specifically to the needs of engineering and architecture students

**Writing Your Journal Article in Twelve Weeks** Wendy Laura Belcher, 2009-01-20 A comprehensive well written and beautifully organized book on publishing articles in the humanities and social sciences that will help its readers write forward with a first rate guide as good company Joan Bolker author of Writing Your Dissertation in Fifteen Minutes a Day Humorous direct authentic a seamless weave of experience anecdote and research Kathleen McHugh professor and director of the

UCLA Center for the Study of Women Wendy Laura Belcher's *Writing Your Journal Article in Twelve Weeks: A Guide to Academic Publishing Success* is a revolutionary approach to enabling academic authors to overcome their anxieties and produce the publications that are essential to succeeding in their fields. Each week readers learn a particular feature of strong articles and work on revising theirs accordingly. At the end of twelve weeks they send their article to a journal. This invaluable resource is the only guide that focuses specifically on publishing humanities and social science journal articles.

Writing Scientific Research Articles Margaret Cargill, Patrick O'Connor, 2021-06-08 *Writing Scientific Research Articles* The new edition of the popular guide for novice and professional scientists alike providing effective strategies and step by step advice for writing scientific papers for publication. For scientists writing a research article for submission to an international peer reviewed journal knowing how to write can be as important as knowing what to write. *Writing Scientific Research Articles: Strategy and Steps* provides systematic guidance on writing effective scientific papers with the greatest chance for publication. Using clear language this highly practical guide shows scientists how to apply their analysis and synthesis skills to produce a compelling research article and increase their competence in written communication of science. The third edition is fully revised to reflect changes in the review process and science journal publication. Incorporating current developments in technology and pedagogical practice brand new sections cover mapping and planning manuscripts choosing results systematic reviews structured abstracts and more. Updated material on referee criteria offers valuable insights on what journal editors and referees want to publish and why. Offering a hands on approach to developing the academic writing skills of scientists in all disciplines and from all language backgrounds *Writing Scientific Research Articles* provides a genre based pedagogy and clear processes for writing each section of a manuscript across the full range of research article formats and funding applications. Presents tested strategies for responding to referee comments and developing discipline specific language skills for manuscript writing and polishing. Pairs each learning step with updated practical exercises to develop writing and data presentation skills based on expert analysis of well written papers including provided example articles. Includes chapters on the difference between review papers and research papers and on skill development using journal clubs and writing groups. Features a wealth of new information on topics including Open Access publishing online reviews and predatory conferences and journals. Designed for use by individuals as a self study guide or by groups working with an instructor. *Writing Scientific Research Articles: Strategy and Steps* is a must have guide for early career researchers with limited writing experience scientists for whom English is an additional language upper level undergraduates and graduate students writing for publication and STEM and English language professionals involved in teaching manuscript writing and publication skills and mentoring students and colleagues. How to Critique Journal Articles in the Social Sciences Scott R. Harris, 2022-01-03 Journal articles form the bedrock of social science but they can be unfamiliar and intimidating to students. This brief introductory guide helps readers appreciate the rigor and pitfalls of

research by comparing it to more ordinary ways of knowing Each chapter focuses on a key aspect of articles demystifying step by step the complexities of social research Harris encourages readers to avoid naivete accepting research findings as simple Truth and cynicism dismissing research as hopelessly flawed and instead adopt a critical perspective that appreciates the strengths and weaknesses of any piece of scholarship A new chapter on research design explores how scientists choose a broad approach to study a topic which impacts subsequent research decisions Exercises throughout allow readers to practice the highlighted techniques in class discussion short assignments or a major writing project Comprehensive yet succinct and accessible the second edition of *How to Critique Journal Articles in the Social Sciences* equips students with the confidence to read and understand social research for use in their education careers and personal lives [You Can Publish Your Journal Article](#) Gilbert C. Gee, 2023-11-27 You've completed your research and want to publish it in a peer reviewed journal Author Gilbert C. Gee is here to help sharing what he learned as a writer reviewer and Editor in Chief and calling on other journal editors to offer their advice *You Can Publish Your Journal Article* will not only help you write your paper but more importantly be more likely to succeed in peer review The book has four main premises that writing involves a relationship between you and your readers and that your research joins an ongoing conversation in the field that good writing is rewriting and revision is critical that people who write daily are more productive than those who binge write and finally that persistency wins so don't give up when you get a rejection With chapters offering practical advice on selecting the right journal peer review the methods section displaying your data writing the results and discussion sections the book concludes with short essays from invited journal editors about how to avoid common mistakes and ensure success *The Chicago guide to writing, editing, and publishing (18th edition)* Emory Langford, 2025-07-14 Are you struggling to turn good writing into exceptional work that gets noticed published and respected Do you constantly second guess your grammar structure or citation style or feel overwhelmed by the endless rules of editing and formatting You're not alone Writers editors academics and self publishers across the world face the same challenge How do I turn ideas into polished publishable content that commands attention and respect *The Chicago Guide to Writing Editing and Publishing 18th Edition* by Emory Langford is the definitive answer to that question Whether you're crafting your first novel preparing an academic thesis fine tuning a nonfiction manuscript or editing professional content this powerful guide transforms your writing process from chaotic to confident Rooted in the authoritative *Chicago Manual of Style 18th Edition* this book offers the modern writer a clear structured and proven path to excellence Inside you'll uncover Expert strategies for mastering grammar punctuation and sentence clarity In depth guidance on citation styles referencing and manuscript preparation Real world editing techniques used by professional editors and publishers Practical examples troubleshooting tips and checklists to improve every draft A modern yet timeless framework for academic creative and professional writing This isn't just a style manual it's your editorial compass Designed for writers editors scholars and independent publishers this guide bridges the gap between idea and

impact turning confusion into clarity and first drafts into publishable work Whether you re writing for academia publishing a book or editing content professionally this essential guide delivers the structure confidence and mastery you need to succeed in today s competitive writing world Stop second guessing and start writing with authority Own the definitive guide that every serious writer and editor needs on their desk Add this book to your cart now and take the first step toward polished powerful and professional writing Translator Nicolle Raven PUBLISHER TEKTIME

### **How To Cite A Journal Article Introduction**

In today's digital age, the availability of How To Cite A Journal Article books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of How To Cite A Journal Article books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of How To Cite A Journal Article books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing How To Cite A Journal Article versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, How To Cite A Journal Article books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing How To Cite A Journal Article books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for How To Cite A Journal Article books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities

and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, How To Cite A Journal Article books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of How To Cite A Journal Article books and manuals for download and embark on your journey of knowledge?

### **FAQs About How To Cite A Journal Article Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. How To Cite A Journal Article is one of the best book in our library for free trial. We provide copy of How To Cite A Journal Article in digital format, so the resources that you find are reliable. There are also many Ebooks of related with How To Cite A Journal Article. Where to download How To Cite A Journal Article online for free? Are you looking for How To Cite A Journal Article PDF? This is definitely going to save you time and cash in something you should think about.
